

EPA Registration Number 11715-238:

- c. We have further considered the issue of the towelette as a component of this formulation and have discussed this issue with our Product Chemistry Review staff. We believe this is a correct interpretation of the definition of a pesticide "...a mixture of substances intended...to control or mitigate a pest". We are therefore registering this pesticide based upon the formula II, which includes the towelette, only. We suggest that you contact your Product Manager regarding revision of the CSF for registration 62562-1.
- d. The CSF (Confidential Statement of Formula II) for this product indicates that the nominal concentration for the active ingredients pyrethrins and piperonyl butoxide, respectively, are 0.080% and 0.799%. Correct the label declaration for the active ingredients statement.
- e. The heading INERT INGREDIENTS should appear in the label ingredient statement in the same type size and aligned to the same margin as the heading ACTIVE INGREDIENTS.

3. Submit one (1) copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Richard F. Mountfort
Product Manager (10)

NET CONTENTS: 15 fl. oz. (60 wipes)

EPA Reg. No. 11715-

EPA Est. No. 11715-TN-1

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a
manner inconsistent with its labeling.

CAP THREADING INSTRUCTIONS: Remove entire
cap from container. Pull off foil seal; discard in ap-
propriate place. Locate the first wipe in the center of
roll. Thread wipe through center of cap. Place cap
firmly back onto container. Pull wipe up to release.
Recommended for Use on Dogs, Cats, Small Domestic
Animals, Horses, Ponies and other Stable and Barn
Animals:

ON DOGS, CATS, SMALL DOMESTIC ANIMALS,

HORSES, PONIES AND OTHER STABLE AND BARN

ANIMALS: To protect animals from horn flies, house
flies, mosquitoes, fleas, ticks, and gnats: First brush
animal to remove excess dirt and dust. Use wipe to
apply a light coating sufficient to wet the tips of the hair.
To control stable flies, horse flies and deer flies: Apply
sufficient to wet the hair, but not to soak the hide.
Recommended for use on face and around eyes and
ears. Repeat as necessary to give continued protec-
tion.

To control blood-sucking lice: Apply wipe lightly to
infested areas. Repeat every two or three weeks as
required.

Wash hands thoroughly after application.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or
disposal.

Storage: Store in a cool dry place away from heat or
open flame.

Disposal: Do not reuse container. Wrap wipe and
pouch or container in newspaper and place in trash.
Consult Federal, State or local disposal authorities for
approved alternative procedures.

ACCEPTED
with COMMENTS
in EPA Letter Dated

11 JUN 1992

Under the Federal Insecti-
cide, Fungicide, and Rodenticide
Act, as amended, for the post-
registered under EPA Reg.
11715-238

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS **CAUTION**

Harmful if swallowed. Avoid contamination of feed and
foodstuffs. Do not use on kittens or puppies under 6
weeks of age. Do not use on old, sick or debilitated
animals. Do not apply to animal's genitalia or get in
eyes.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams
or ponds. Do not contaminate water by disposal of
wastes. Buyer assumes all risks of use, storage or
handling of this material not in strict accordance with
directions given herewith.

Statement of Practical Treatment

If swallowed: Do not induce vomiting. Call a physician
or Poison Control Center.

If inhaled: Remove victim to fresh air. Apply artificial
respiration if indicated.

If on skin: Wash with soap and water.

If in eyes: Flush with plenty of water. Get medical
attention if irritation persists.
