Subject: EPA Reg. NO.: 11715-243
Holiday Pet Spray
Response to PR Notices 2001-1 and 2001-6
Submission Dated April 8, 2003

Dear Mr. Washburn :

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following conditions:

Delete the phrase "...eliminate fleas from your pet's life..." and replace it with "...kills fleas...". The former phrase suggests a permanent remedy, and as such, is misleading to the user.

A stamped copy is enclosed for your records. Please submit one (1) final printed copy for the above mentioned label, incorporating the comment indicated above, before releasing the product for shipment.

If you have any questions or comments about this letter, please contact Stephanie Nguyen at 703-605-0702.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan C. Kenny".

READ ENTIRE LABEL BEFORE EACH USE USE ONLY ON DOGS AND CATS ZONE CONTROL

To prevent reoccurrence of fleas, a total management program is recommended. You should treat the areas where fleas live with the Holiday 4-Step Program which consists of: Step 1-Shampoo/Dip the pet; Step 2-Treat the home and yard; Step 3-Flea and Tick Collars on the pet; Step 4-Maintenance Sprays and Powders. Ask your pet care professional for specific recommendations on how to best control fleas for the comfort and well being of your pet and family.

[Alternate language to Zone Control]

[Holiday Pet Spray kills fleas on Dogs, Cats, Puppies, Kittens and their environment. This product is designed to eliminate fleas from your pet's life by treating both your pet and your home. Holiday Pet Spray contains two botanically derived insecticides to kill adult and pre-adult fleas, including the eggs, larvae and pupae when used as directed. And Holiday Pet Spray leaves a pleasant Citrus Scent!]

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Do not get in eyes. May be harmful if swallowed or absorbed through skin. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Do not use on irritated skin. While spraying on animals, do not get in animal's eyes. Some individuals and pets may be sensitive to this product. Discontinue use if irritation develops. May be used in conjunction with organophosphates and carbamate-based insecticides. Does not inhibit acetylcholinesterase activity. Do not use on puppies or kittens under 12 weeks of age. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals, or animals on medication. Sensitivities may occur after using ANY pesticide product for

pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

FIRST AID	
IF SWALLOWED:	<ul style="list-style-type: none"> Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF IN EYES:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

2/3

FIRST AID (Cont'd)**HOT LINE NUMBER**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-757-4943 for emergency medical treatment information.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Hold container 4-6 inches from animal and direct spray into fur. Rub spray down into fur so that skin is treated and all insects are directly contacted. Be sure to include legs and feet. Spray animal until thoroughly wet but avoid run off. Do not spray around eyes, on face or on genital area to avoid irritation. Use spray in well ventilated areas. Do not use more often than once every two days on animal. If pet bedding is heavily flea infested, remove old bedding and replace with fresh; spray may be used to treat bedding.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area away from heat and open flame.

DISPOSAL: Do Not Puncture or Incinerate!

If empty: Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

In case of emergency, or for product use information please call [901/362-1950 Monday thru Friday 7:30 a.m. thru 4:30 p.m. Central Time Zone.]
