11715-245

Date of Issuance:

JUN 20 1994

NOTICE OF PESTICIDE:
 Registration
 Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

SPEER PY-PERM AQUEOUS
 KILLER #3

Name and Address of Registrant (include ZIP Code):

Speer Products, Inc.
 P.O. Box 18993
 Memphis, TN 38181-0993

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 11715-245"

b. Under Storage and Disposal change "Do not use or store below 32 degrees F." to "Do not use, transport or store below 32 degrees F."

c. Under Physical and Chemical Hazards add after "Do not use or store near heat or open" the words "flame. Do not "

**PRECAUTIONARY STATEMENT
HAZARDS TO HUMANS &
DOMESTIC ANIMALS
CAUTION**

Harmful if inhaled. Avoid breathing vapors or spray mist. Causes skin irritation. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Avoid contamination of feed and foodstuffs. Remove pets and birds and cover fish aquaria before spraying. Do not allow children or pets to contact treated areas until surfaces are dry.

**STATEMENT OF PRACTICAL
TREATMENT**

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.
 IF INHALED: Remove victim to fresh air. If not breathing, apply artificial respiration, preferably mouth to mouth. Get medical attention.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open puncture or incinerate container. Exposure to temperatures above 130° F. may cause bursting. Do not apply this product in conduits, motor housing, junctions and switch boxes or other electrical equipment because of possible shock hazard. Do not use on surfaces that can be harmed or stained by water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held.

In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

Nonfood areas are all lavatories, floor drains, restrooms, offices, locker rooms, garages, mop rooms, or bottling).

Do not use in rooms occupied by the elderly or infirm. Do not use in use.

SHAKE WELL BEFORE USE
 Remove protective covering from spray from a distance.

INDOORS:
 Houseflies, Fruit Flies, Hornets, Bees, Black Flies, and Small Flying Moths. Sweep and direct spray upward and sweeping motion. Spray room, moving toward corners and parts of the room, especially sources which attract insects. Repeat treatment after 24 hours. Leave room and ventilate before reentering. Repeat treatment after 24 hours.

Cockroaches, Water Bugs, Firebrats, Crickets, Centipedes, Sowbugs. Spray in places such as cracks and crevices, under cabinets, along baseboards, and plumbing, hitting insects. Repeat treatment after 24 hours.

Ants: Spray trails, nests, and ants where possible.

Indian Meal Moths, Flour Moths, and other stored product pests. Spray doors and windows, especially around stored products. Leave room and keep insects out. Repeat application after 24 hours.

Exposed stages of Carpet Beetles, Toothed Grain Beetles, Weevils, Granary Weevils. Spray in cracks and crevices, especially around cartons or containers. Repeat treatment after 24 hours.

4 9 4 each 100 square feet of surface. Leave room and keep area closed for 45 minutes to 1 hour after treatment. Ventilate room thoroughly before re entry. Repeat application as necessary. Infested or stored food products in the home should be disposed of.

Carpet Beetles: Spray directly on beetles, floors, baseboards, shelves and carpets. Repeat treatment as necessary.

Bedbugs: Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Treat baseboards, moldings and floors. Allow to dry thoroughly before use. Repeat treatment as necessary.

To control Clothes Moths and Carpet Beetles on wool and other proteinaceous fibers: Remove infested articles from storage, brush thoroughly, and air for several hours in sunlight, if possible. Apply spray liberally to empty chests, closets, bureaus and other storages directing the spray into cracks, joints and crevices. After airing, infested articles may be treated by spraying lightly, keeping nozzle at least three feet from fabric to avoid staining.

OUTDOORS:

Point spray nozzle away from face. Hold can on slight downward angle. For best results, spray when air is calm. Allow a few minutes for product to take effect. Spray with wind if breeze is blowing.

FLYING INSECTS: Flies, Mosquitoes, Gnats, Small Flying Moths, Hornets and Yellow Jackets. Allow fog to drift over area. Direct spray toward bushes, or grass from at least 4 to 6 feet away. Give special attention to breeding areas such as garbage cans and compost piles. Repeat as necessary.

CRAWLING INSECTS: Ants, Cockroaches, including Asian Cockroaches, Crickets, Centipedes, and Silverfish. Spray infested surface of patio or picnic area, hitting as many insects as possible. Also spray legs of tables and chairs to repel ants. Spray ant hills for best control.

For the Control of Garden Insects: For use on roses, dahlias, asters and other ornamentals to kill Japanese Beetles hit by spray, as well as Whiteflies, Aphids, exposed Thrips, Spiders, Red Mites and Leafminers.

May be used on plants, as well as a multi-purpose spray in small gardens and for spot treatments of incipient insect infestations to prevent spreading in large garden areas.

May also be used on other plants such as African

violets, asters, azaleas, begonias, camellias, carnations, chrysanthemums, dahlias, delphiniums, dogwood, English ivy, euonymus, fuschia, geraniums, crassula, grape vine, Kentia palm, laurel, marigolds, rhododendrons, roses, rubber plants, snapdragons, stocks, wandering Jews and zinnias.

Effective when used as directed against Whiteflies, Aphids, Spider and Red Mites, exposed Thrips, Lace Bugs, Japanese Beetles, Pavement Ants, Clover Mites and Army Worms. When spraying plants, do not operate closer than 18 inches. Use sweeping motion. Spray in one second bursts. Be cautious about wetting tender foliage, young plants and new growth. Do not spray plants when temperatures exceed 90° F. Contact insects directly whenever possible. Repeat treatment as infestations occur.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area. Do not use or store below 32° F.

Disposal: Wrap container in several layers of newspaper and dispose of in trash. Do not incinerate or puncture.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
