Memphis, TN 38181-0993

EPA Registration Number 11715-253

EPA Establishment Number 11715-TN-1

Net Contents: _____ oz. (_____ g.)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing dust and contact with eyes, skin or clothing. Wash hands after handling and before eating or smoking. Do not contaminate feed, water or foodstuffs. Do not apply to food processing surfaces or use in food processing areas where food is exposed. Cover fish aquariums before use. Keep children and pets off treated carpet and upholstered furniture during treatment and while powder is still visible on their surfaces.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Call physician or Poison Control Center immediately. Induce vomiting by giving victim 1 or 2 glasses of water and touching back of throat with finger. Never give anything by mouth to an unconscious person.

If in Eyes: Flush eyes with plenty of water. Get medical attention if irritation persists.

If on Skin: Wash with soap and water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake well before using. Apply to dry surfaces only. Do not wet powder. Apply powder more heavily to areas of flooring or furniture on which pets spend most of their time.

Carpets: Shake powder evenly across surface. Brush lightly with broom to force powder deep into carpet where fleas and their larvae exist. Wait at

least 60 minutes before (lightly) vacuuming to remove visible surface powder. For maximum efficacy, delay vacuuming for up to 24 hours.

Upholstery: Remove loose cushions. Sprinkle along creases and into corners. Brush lightly to work powder into folds and creases. Vacuum to remove visible powder on surfaces. Do not use on exposed fabric without first testing on a hidden surface for effects on color (staining) or texture. If powder adheres to a spot, brush out and vacuum that area immediately.

When emptying vacuum bag after use, wrap contents or disposable bag in several layers of newspaper and discard in trash.

Treat pets with a registered flea and tick control product prior to re-entry.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area inaccessible to children and pets.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.

This container is sold by weight, not by volume. You can be assured of proper weight even though some settling of contents normally occurs during transportation and handling.
