Conditional

Name of Pesticide Product:  
Speer NeoPerm Wasp & Hornet Killer #1

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):  
Speer Products  
4242 B.F. Goodrich Blvd., P.O. Box 18993 Memphis, TN 38118

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.  
  
Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 11715-268".
  - b. The only statement of practical treatment required is the "If in Eyes". You may delete the other two statements.
  - c. Based upon the flashpoint for this product, revise the "Physical or Chemical Hazards" statement as follows:

Signature of Approving Official:  
*[Handwritten Signature]*

Date:  
JAN 29 1996

293

page 2  
EPA Reg. No.

....."Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposures to temperatures above 130°F may cause bursting".

d. The product cannot be used indoors in commercial food/feed handling establishments. Therefore, under Directions for Use" following the second paragraph add:  
....."Do not use in commercial food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Not for use in USDA Meat or Poultry Plants".

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

## SPEER NEOPERM WASP & HORNET KILLER #1

NET CONTENTS: \_\_\_\_\_

EPA REG. NO. 11715-not yet assigned  
EPA EST. NO. 11715-TN-1

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS CAUTION

Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequent repeated skin contact may cause allergic reactions in some individuals.

### ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water.

### PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

This product can be used both indoors (attics and other places where nests are built), and outdoors on wasp and hornet nests.

To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be sprayed. Direct at wasps, hornets and yellow jackets whenever possible, and under eaves, into nests, cracks, holes or crevices wherever insects are noticed. Spray for about 1-2 seconds or until surface is moist from insecticide. To prevent entrance of insects into the house, spray around points where outside plumbing, faucets, etc enter the house and into cracks or crevices in foundation as well as along sills and ledges.

Kills Wasps, Hornets and Yellow Jackets: This spray is fast acting when insects are hit directly. With the breeze at your back, thoroughly spray the nest until it is soaked. Allow about 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream type spray, making it possible for the operator to stay back from the places sprayed. This

formula utilizes Synergist P and Tetramethrin, a combination of this class of insects. It is p in the evening after all the nest and are at rest.

### STORAGE

Do not contaminate water disposal.

**STORAGE:** Do not store in cool, dry area away from

### CONTAINER DISPOSAL

container in several layers trash. Do not incinerate or with other recyclables when

Buyer assumes all risks of material not in strict accordance
