Memphis, TN 38118

Subject: Amendment - Revised Final Label
Speer Neoperm Wasp & Hornet Killer # 1
EPA Registration No. 11715-268
Your Submission Dated September 9, 2002

Dear Ms. Butler:

The amendment referred to above, submitted in connection with registration under section 3 (c)(5) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable, subject to the comments listed below.

1. Because your product contains petroleum distillate, add the following statements to your FIRST AID section:

"IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

2. Add the following sentence to your "Precautionary Statements" section: "Harmful if swallowed."

A stamped copy of the label is enclosed for your records. If you have any questions, please call Dr. William Sproat of my team at 703-308-8587.

Sincerely,

George T. LaRocca
Product Manager 13
Insecticide Branch
Registration Division (7505C)

Enclosure

SPEER NEOPERM WASP & HORNET KILLER #1

- *Contains Synergist Piperonyl Butoxide, Permethrin and Tetramethrin
- *Quick Kill
- *Kills Wasps, Hornets and Yellow Jackets
- *Jet Spray - Will reach nests up to 20 feet above ground

ACTIVE INGREDIENTS:

Tetramethrin*.....0.10%
 Permethrin**.....0.25%
 Piperonyl Butoxide, Technical***.....0.50%

INERT

INGREDIENTS†:.....99.15%

*1-cyclohexene-1,2-dicarboximidomethyl 2,2-dimethyl-3-(2-methylpropenyl) cyclopropanecarboxylate.

** (3-phenoxyphenyl) methyl (+/-) cis/trans 3-(2,2-dichloroethenyl) 2,2-dimethylcyclopropanecarboxylate. Cis/trans ratio: min. 35% (+/-) cis and max. 65% (+/-) trans.

***Equivalent to min. 0.4% (butylcarbityl)(6-propylpiperonyl) ether and 0.1% related compounds.

†Contains Petroleum Distillates

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequent repeated skin contact may cause allergic reactions in some individuals.

FIRST AID

IF IN EYES

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-757-4943 for emergency medical treatment information

ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposures to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product can be used both indoors (attics and other places where nests are built), and outdoors on wasp and hornet nests. Do not use in commercial food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Not for use in USDA Meat or Poultry Plants.

To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be sprayed. Direct at wasps, hornets and yellow jackets whenever possible, and under eaves, into nests, cracks, holes or crevices wherever insects are noticed. Spray for about 1-2 seconds or until surface is moist from insecticide. To prevent entrance of insects

into the house, spray around points where outside plumbing, faucets, etc. enter the house and into cracks or crevices in foundation as well as along sills and ledges.

Kills Wasps, Hornets and Yellow Jackets: This spray is fast acting when insects are hit directly. With the breeze at your back, thoroughly spray the nest until it is soaked. Allow about 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream type spray, making it possible for the operator to stay back from the places sprayed. This formula utilizes Synergist Piperonyl Butoxide, Permethrin and Tetramethrin, a combination specifically effective on this class of insects. It is preferable to apply this product in the evening after all the insects have returned to the nest and are at rest.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Do not store near heat or open flame. Store in cool, dry area away from children.

DISPOSAL: Do not puncture or incinerate!
If empty: Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
