#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner  
inconsistent with its labeling.

Flea Spray kills fleas and ticks. It contains a unique  
combination of ingredients that kills both adult and preadult  
fleas. Even kills fleas before they grow up to bite. NYLAR\*,  
a unique ingredient in this flea spray, continues to kill fleas  
for 120 days (4 months) by preventing their development into  
the adult biting stage. It reaches fleas hidden in carpets,  
rugs, drapes, upholstery, pet bedding, floor cracks. Protects  
your home from reinfestation and fleas buildup, your pets  
and family from bites. One treatment with this spray gives  
continuous flea protection for 120 days. Leaves no  
objectional odor or sticky mess and, used as directed, does  
not stain furnishings.

**FLEAS & TICKS - SHAKE WELL** Hold can 2 or 3 feet  
from surfaces to be treated. Be sure to apply uniformly using  
a sweeping motion to carpets, rugs, drapes and all surfaces of  
upholstered furniture. Be sure to treat pet bedding as this is  
a primary hiding place for fleas. No need to remove pet  
bedding after treatment. **DO NOT TREAT PETS** Use a  
registered flea control product on your pets in conjunction  
with this treatment. Retreat as necessary. Avoid wetting  
furniture and carpeting. A fine mist or spray applied  
uniformly is all that is necessary to kill fleas and ticks.

### STORAGE

**STORAGE:** Store in a  
cool, dry place. Keep container closed.

**DISPOSAL:** Do not reuse  
in several layers of newspaper.
