PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed or absorbed through skin.
Contains petroleum distillate. Do not induce vomiting
because of aspiration pneumonia hazard. Do not
breathe vapors or spray mist. Avoid contact with skin
or eyes. In case of contact, flush with plenty of water.
Wash with soap and warm water after use. Obtain
medical attention if irritation persists. Avoid
contamination of food or feed stuffs.

Do not use in commercial food processing,
preparation, food storage or serving areas. In the
home, all food processing surfaces and utensils should
be covered during treatment, or thoroughly washed
before use. Exposed food should be covered or
removed.

Remove pets, birds, and cover fish aquariums before
spraying.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat,
sparks, and open flame. Do not puncture or incinerate
container. Exposure to temperatures above 130°F may
cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a
manner inconsistent with its labeling.

FOR INDOOR USE ONLY

Flea Spray kills fleas and ticks. It contains a unique
combination of ingredients that kills both adult and
preadult fleas. Even kills fleas before they grow up to
bite. NYLAR®, a unique ingredient in this flea spray,
continues to kill fleas for 120 days (4 months) by
preventing their development into the adult biting
stage. It reaches fleas hidden in carpets, rugs, drapes,
upholstery, pet bedding, floor cracks. Protects your
home from reinfestation and fleas buildup, your pets

and family from bites. One treatment with this spray
gives continuous flea protection for 120 days. Leaves
no objectional odor or sticky mess and, used as
directed, does not stain furnishings.

FLEAS & TICKS: SHAKE WELL. Hold can 2 or 3
feet from surfaces to be treated. Be sure to apply
uniformly using a sweeping motion to carpets, rugs,
drapes and all surfaces of upholstered furniture. Be
sure to treat pet bedding as this is a primary hiding
place for fleas. No need to remove pet bedding after
treatment. **DO NOT TREAT PETS.** Use a registered
flea control product on your pets in conjunction with
this treatment. Retreat as necessary. Avoid wetting
furniture and carpeting. A fine mist or spray applied
uniformly is all that is necessary to kill fleas and ticks.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry place inaccessible to
children. Keep container closed.

DISPOSAL: Do not reuse empty container. Wrap
container in several layers of newspaper and discard in
trash.
