

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

11715-324

Date of Issuance:

MAR 10 1997

NOTICE OF PESTICIDE:

Registration
 Reregistration

Term of Issuance: Until Reregistration

Name of Pesticide Product:

SPI Chlorpyrifos Wasp and Hornet Spray

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Speer Products Incorporated
4242 B.F. Goodrich Boulevard
Memphis, Tennessee 38118

Notes: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 11715-324".

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

MEMPHIS, TN 38118
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

11715-324

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS CAUTION

Harmful if swallowed or absorbed through the skin. Contains petroleum distillate. Do not induce vomiting because of aspiration pneumonia hazard. Do not breathe vapors or spray mist. Avoid contact with skin, eyes or clothing. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine by injection is antidote of choice.

**STATEMENT OF PRACTICAL TREATMENT
IF SWALLOWED:** Call a physician of Poison Control Center immediately. Do not induce vomiting because of aspiration pneumonia hazard.

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN OR CLOTHING: Remove contaminated clothing and wash before reuse. Wash skin with soap and warm water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air if effect occur, and call a physician.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. This product is highly toxic to bees exposed to direct treatment or residues on plants.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposures to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product can be used both indoors (attics and other

places where nests are built), and outdoors on wasp and hornet nests. Do not use in commercial food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Not for use in USDA Meat or Poultry Plants.

To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be sprayed. Direct at wasps, hornets and yellow jackets whenever possible, and under eaves, into nests, cracks, holes or crevices wherever insects are noticed. Spray for about 1-2 seconds or until surface is moist from insecticide. To prevent entrance of insects into the house, spray around points where outside plumbing, faucets, etc. enter the house and into cracks or crevices in foundation as well as along sills and ledges.

Kills Wasps, Hornets and Yellow Jackets: This spray is fast acting when insects are hit directly. With the breeze at your back, thoroughly spray the nest until it is soaked. Allow about 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream type spray, making it possible for the operator to stay back from the places sprayed. It is preferable to apply this product in the evening after all the insects have returned to the nest and are at rest.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Do not store near heat or open flame. Store in cool, dry area away from children.

CONTAINER DISPOSAL: Replace cap, wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture. Can be disposed of with other recyclables where local law permits.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions.
