**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(C) since you agreed in your letter dated December 27, 2001 that:

1. You will submit/cite all data required for registration/reregistration of your product under FIFRA section 3 (c)(5) or 4(a) when the Agency requires all registrants of similar products to submit such data.
2. You will submit the listed data below, conducted in accordance with the 40 CFR Part 158 test guidelines referred to below:

- 3. Remove the statement "Repeat (treatment) as necessary" from the label for residual treatments. The interval for residual surface treatments should be changed to 14 days.
- 4. Submit three (3) copies of your final printed labeling before releasing the product for shipment.
- 5. The basic Confidential Statement of Formula (CSF) dated December 24, 2001 is acceptable.

You should note that if you fail to satisfy any of the conditions imposed on this registration, e.g., you fail to submit the required data by the specified deadlines or the data submitted were not generated in accordance with applicable test guidelines, EPA may issue notice to cancel this use under FIFRA 6(e).

You should also note that, regardless of whether you satisfy all applicable conditions, this conditional registration will expire automatically on March 1, 2004. Sale and distribution of the subject product bearing labeling for residential sites, commercial and industrial establishments and institutions after March 1, 2004 will be illegal.

Finally, once the required data have been submitted and evaluated, EPA will entertain an application to amend the registration of the subject product to allow unconditional use in residential sites, commercial and industrial establishment and institutions.

A stamped copy of your product label is attached.

Sincerely,

George LaRocca
