122 C Street, NW #740
Washington, DC 20001

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No.11715-328".
- b. Add the statements, "Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.", to the Precautionary Statements.
- c. The term "New" may only be used for 6 months from the date of this notice.

EPA Reg. No.11715-328

- d. Delete all bullets refering to "revolutionary aerosol, revolution in aerosols, next generation aerosol, eliminates and eliminating. Words or phrases implying that a product possesses unique characteristics; claims which imply total eradication and misleading comparisons with other pesticides are not acceptable.
- e. There are two "If On Skin" statements. Change one to "If In Eyes". Also add "if symtoms persist" to both the skin and eye statements.
- f. A copy of the acute toxicity review is enclosed for your records.

3. Submit two (2) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Joseph M. Johnson 25 January 1979

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled, or absorbed through skin. Prolonged or frequently repeated contact may cause allergic reactions in some individuals. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Do not apply when classrooms are in use.

Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food/feed is exposed or facility is in operation. Serving areas are areas where prepared foods/feed are served such as dining rooms but excluding areas where foods may be prepared or held. In the home all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Non-food/non-feed areas are areas such as garbage rooms, lavatories, floor drains(to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage(after canning or bottling).

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or poison control center. Drink one to two glasses of water and induce vomiting by touching the back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF INHALED: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth to mouth. Get medical attention.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not use this product in or on electrical equipment due to shock hazard. Do not puncture or incinerate container. Exposure to temperatures above 130 degrees F may cause bursting.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store in a cool, dry area away from heat or open flame. **Disposal:** This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. (DO NOT PUNCTURE!). If recycling is not available, wrap the container and discard in trash.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Not for Use in USDA Meat and Poultry Plants.

TO KILL COCKROACHES AND ANTS:

Step 1: Insert straw firmly into the actuator.

Step 2: Spray on floors, along baseboards in the kitchen and baths. Special attention should be paid to areas around refrigerators and entry points such as doors, windows, vents, pipes, etc.

TO KILL CRICKETS, WATERBUGS, PALMETTO BUGS, SCORPIONS AND PILLBUGS: Spray on floors, along baseboards in the kitchen and baths. Special attention should be paid to areas around refrigerators and entry points such as doors, windows, vents, pipes, etc.

TO KILL FLYING INSECTS (e.g. mosquito, flies, gnats, wasps, and bees): Close space to be treated. Spray above head with a sweeping motion 3 feet from surfaces. Spray 10 grams (10 seconds) per 1,000 cubic feet of space. Keep treated area closed for at least 30 minutes after spraying. Do not remain in treated area and ventilate area before re-entry. Repeat as necessary.

TO KILL SOWBUGS, CENTIPEDES, SILVERFISH, FIREBRATS AND SPIDERS: Contact as many insects as possible with the spray. Also thoroughly spray all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, crevices, hidden surfaces under sinks and behind refrigerators.

TO KILL CARPET BEETLES: Spray directly on beetles, floors, baseboards, shelves, and carpet. Allow carpet to dry thoroughly before use. Repeat treatment as necessary.

TO KILL BEDBUGS: Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Treat baseboards, moldings, and floors. Allow all treated articles to dry thoroughly before use. Repeat treatment as necessary.

TO CONTROL CLOTHES MOTHS: Remove any infested articles from storage, brush thoroughly, and air for several hours in sunlight, if possible. Apply spray liberally to empty chests, closets, bureaus, and other storages, directing the spray into cracks, joints, and crevices. After airing, infested articles may be treated lightly, keeping nozzle at least three feet from fabric to avoid staining.

TO KILL EXPOSED STAGES OF CONFUSED FLOUR BEETLES, RUST RED FLOUR BEETLES, GRANARY WEEVILS, GRAIN MITES, DRUGSTORE BEETLES, MEAL WORMS, CADELLES: Spray into cracks and crevices, processing and handling equipment, around cartons or containers or other areas where these insects tend to congregate. Keep area closed for 45 minutes to 1 hour after treatment. Repeat application as necessary. Infested stored food products in the home should be disposed of.

TO KILL FLEAS AND BROWN DOG TICKS: Remove and destroy pet's old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as necessary.

DO NOT SPRAY ON ANIMALS. Old bedding should be removed and replaced with clean, fresh bedding after treatment. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.
