OFFICE OF  
PREVENTION, PESTICIDES AND  
TOXIC SUBSTANCES

Farnam Companies, Inc.  
301 West Osborn Avenue  
Phoenix, AZ 85014

AUG 4 2003

Dear Ms.Purcell:

Subject: First Aid Revisions Per PR Notice 2001-1 and updated disposal section  
Security Brand EZE Garden Weed Preventer  
Registration Number: 11715-344 ✓  
Your Submission Dated: 06/18/03

The labeling referred to above, associated with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended is acceptable, **provided** the following revisions are made:

1. Add appropriate storage instructions to the label that pertain to the actual storage of the container. For example, "Store in original container in a cool, dry and secure area."

The agency has accepted the labeling changes that are necessary to comply with the first aid labeling requirements described in PR Notice 2001-1. A stamped copy of the label is enclosed for your records. Please submit one copy of the final printed label, **incorporating the revisions noted above** for the Storage and Disposal section before you release the product for shipment.

Sincerely,

*Joanne D. Miller*

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing if pesticide gets inside. Then wash thoroughly and put on clean clothing.

FIRST AID	
IF IN EYES:	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
In case of medical emergencies or health and safety inquiries, or in case of fire, leaking or damaged containers or for product use information, call 602-285-1660.	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

ENVIRONMENTAL HAZARD

This pesticide is extremely toxic to freshwater marine, and estuarine fish and aquatic invertebrates including shrimp and oyster. Do not apply in a manner which will directly expose canals, lakes, streams, ponds, marshes or estuaries to aerial drift. Do not contaminate water when disposing of equipment washwaters. Do not apply directly to water.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

## GENERAL INFORMATION

On garden soils to be planted later, thoroughly prepare the soil, break up all clods, remove all weeds and grasses and smooth the surface. Apply the recommended rate of EZE Garden Weed Preventer over the surface of the area to be treated using a granular applicator or seeder. Immediately after application incorporate the herbicide into the soil to a depth of 2 to 3 inches using a roto-tiller or rake. Incorporation should be done in two directions, one at a right angle to the other, to insure more uniform distribution of the herbicide. Shallow cultivation during the season will not reduce weed control with EZE Garden Weed Preventer. On established plantings, remove all existing grasses and weeds, then apply the recommended rate uniformly to the soil surface. Immediately work into the soil surface with a roto-tiller or rake being careful not to disturb the roots of the established plants.

## WEEDS CONTROLLED

### ANNUAL GRASSES

Crabgrasses	Stinkgrass
Barnyardgrass (watergrass)	Bromegrass
Foxtails (including giant foxtails)	Brachiaria
Johnsongrass (from seed)	Sandbur
Goosegrass	Jungle Rice
Wild Cane (shattercane)	Spangletop
Cheat	

### ANNUAL BROADLEAVES

Pigweeds (spiny, redroot)	Purslane
Carelessweed	Florida Pusley
Lambsquarters	Knotweed
Carpetweed	Stinging Nettle
Russian Thistle	Goosefoot
Kochia	Chickweed

WILL NOT CONTROL certain resistant weeds such as Cocklebur, Velvetleaf, Jimsonweed, Ragweed, Venice Mallow, Nutgrass and established Bermuda and Johnsongrass.

#### GENERAL PRECAUTIONS AND RESTRICTIONS

This product is not recommended for use on muck soils. Do not apply to any vegetable crop not listed on the label. Do not apply to Ajuga, Myrtle, Pachysandra and other ornamental groundcovers as injury may result. Use only at the rate recommended; overtreatment may cause injury. Applications made according to directions and under normal growing conditions will not harm treated plants. Seedling disease, cold weather in combinations with deep planting and excessive moisture, high salt concentration, and drought may weaken crop seedlings and increase the possibility of damage from this product. Under these conditions, delaying crop development may result.

Do not allow people or pets to enter the treated area until dusts have settled. If watering-in is required after the application, do not enter or allow others to enter the treated areas (except those involved in the watering) until the watering-in is complete and the surface is dry.

#### RATES OF APPLICATION FOR VEGETABLES

RECOMMENDED FOR USE ON: Drybeans, Southern Peas (cowpeas, field peas, blackeyed peas), Snap Beans, Lima Beans, Okra and transplants of Tomatoes, Peppers, Broccoli, Brussels Sprouts, Cabbage, Cauliflower: Apply from 6 weeks before planting up to day of planting. Except on Snap Beans and Lima Beans apply at the following rates: Use 1 pound to 1500 square feet on sandy and sandy loam (light) soils. Use 1 pound to 1000 square feet on loam (medium) soils. Use 1 pound to 750 square feet on silt and clay (heavy) soils. On sandy soils containing 2-5 percent organic matter apply 1 pound per 750 square feet. On Snap Beans and Lima Beans apply 1 pound to 1500 square feet on sandy, sandy loam or loam soils and 1 pound to 1000 square feet on silt and clay soils.

#### RATES OF APPLICATION

##### FOR ORNAMENTAL SHRUBS, TREES AND FLOWERS

RECOMMENDED FOR USE ON: Established Shrubs and Trees, and these Flowers: Ageratum, Aster, Balsam, Calendula, California Poppy, Calliopsis, Carnation, Cosmos, Daffodils, Dahlia, Forget-Me-Not, Four O'Clocks, Gaillardia, Gladiolus, Hollyhock,

Lobelia, Marigold, Morning Glory, Nasturtium, Periwinkle, Petunia, Portulaca, Shasta Daisy, Snapdragon, Stocks, Sunflower, Sweet Alyssum, Sweet Pea, Tulips, Zinnia. Apply at the rate of 1 pound to 750 to 1000 square feet in the spring around shrubbery and trees and in flower beds after plants have become established.

#### STORAGE & DISPOSAL

**STORAGE:** Do not contaminate water, food, or feeds, other pesticides, fertilizer or seeds by storage or disposal.

**DISPOSAL:** If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

**NOTICE:** The seller makes no implied warranty of merchantability nor any other warranties which extend beyond the description on this label. Buyer assumes all responsibility for safety and use in accordance with the directions.
