EPA Reg. No. 11715-348

EPA Est. No. 11715-TN-1

Manufactured By:
SPEER PRODUCTS, INC.
P.O. Box 18993
Memphis, TN 38181-0993

(Back Label)

For use on house plants including ferns, peperonia, philodendron, African violets, begonias, geraniums, and other potted or indoor plants. To control aphids, scale crawlers, spider mites, whiteflies, thrips, mealybugs, and leafhoppers. Use a fine mist spray directed at the insect pest. Avoid heavy applications, which result in runoff, excessive spray deposits could cause injury to sensitive plants.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through the skin. Avoid breathing vapors. Avoid contact with skin, eyes or clothing. Remove birds and cover fish aquariums before spraying indoors. Avoid spraying food and foodstuffs.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Do not transport or store under 32°F. If freezing occurs, thaw and agitate vigorously.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO OPERATE: SHAKE WELL BEFORE USING. Turn nozzle to "spray" position before using. Hold pump sprayer 18 to 24 inches from foliage or surfaces being treated. Direct spray so that upper and lower leaf surfaces are contacted. Use caution on new growth and tender foliage.

This product may be used indoors, outdoors or in home greenhouses throughout the growing season, or as preharvest treatment when other insecticides are prohibited due to residue restrictions and use limitations. This product may be applied on day of harvest.

To control the insects listed, direct the spray to cover the insect pest and also the upper and lower leaf surfaces. Begin treatment as soon as insects appear. Make sure spray penetrates dense foliage. Repeat application weekly or as needed to control infestations.
