

U.S.D.A. Reg. No. 3696-21

## ROOM DEODORIZER and AIR SANITIZER

### Reduces Air Borne Bacteria

Laboratory tests show that spraying an average size room for ten seconds, effectively reduces air borne germs. Use regularly in offices, sleeping rooms, sick rooms, rest rooms, kitchens and where people gather. Eliminates smoke, cooking and other disagreeable odors, quickly and effectively. Leaves a refreshing Fragrance.

### TO OPERATE

Hold dispenser upright. Point valve opening away from face. Push button, spray toward ceiling. For deodorizing use sparingly.

**CAUTION:** Contents under pressure. Do not puncture. Exposure to high temperature may cause bursting. Keep at room temperatures—away from direct sunlight, radiators, stoves, hot water and other heat. Never throw container into fire or incinerator. Do not spray on feed or foodstuffs.

ACTIVE INGREDIENTS —  
Triethylene Glycol ..... 7.5%  
Ethyl Alcohol ..... 22.3%  
INERT INGREDIENTS ..... 70.2%
