

DIRECTIONS FOR USE

REST ROOMS AND BATHROOMS: Use a few drops of TEXIZE Pine Oil Disinfectant to deodorize toilet bowls and urinals. Use four (4) tablespoonfuls to one gallon of water to clean toilet seats, lavatory, tubs and other bathroom fixtures.

KITCHENS: Use four (4) tablespoonfuls to one gallon of water to wash cabinets and sinks. A few drops down drain cuts grease, eliminates unpleasant odors.

GARBAGE PAILS and other WASTE RECEPTACLES: Use two (2) tablespoonfuls to one quart of water - sanitizes, disinfects and eliminates odors immediately.

Inquiries about this product should include the Laboratory Inspection Number stamped below and the Product Number.

845
