DIRECTIONS FOR USE

Do not add other disinfectants or cleaners to AROTEX.
FOR GENERAL DISINFECTANT: Use a 1% solution of AROTEX in water. Apply with mop or sponge.
FOR HEAVY-DUTY DISINFECTION AND CLEANING: Use a 2.5% solution of AROTEX in water for surgical instruments, rubber products, thermometers, linens, bedpans, lavatories, exterior bowl surfaces, urinals and floors. Bedpans must be emptied prior to disinfecting treatment. For cold disinfection of surgical instruments, clean to remove blood or other organic matter -- then immerse instruments in a 3% solution of AROTEX in water for 10 minutes.
Linens: Pre-soak for 10 minutes in a solution of 2.5% in water, then launder in usual manner.

DILUTION TABLE	cc/qt.	tsp./qt.	oz./gal.
1% solution (1:100)	10	2	1-1/4
2.5% solution (1:40)	25	5	3-1/4
3% solution (1:33)	30	6	4

WARNING: AROTEX is irritating to the skin and severely irritating to the eyes. In case of contact with eyes, flood liberally with water and call physician. In case of contact with skin, wash thoroughly with water and alcohol. If irritation persists get medical attention. Harmful if swallowed. If taken internally, call physician. Avoid contamination of food. **KEEP OUT OF REACH OF CHILDREN.**
