**TEXCIDE POWDERED GERMICIDAL DETERGENT**

is a broad spectrum germicide with the unique advantage of being staphylocidal, pseudomonacidal, fungicidal and tuberculocidal even when used in 500 ppm hard water.

The special balanced blend of synthetic surfactants, detergency boosters and microbiocidal compounds make it an outstanding cleaner as well as disinfectant. It contains no chemicals to form hard water soap scum, and therefore leaves no unsightly, germ-harboring residues.

No freezing or storage problems with TEXCIDE POWDERED GERMICIDAL DETERGENT, since sub-freezing temperatures do not affect the chemical or bacteriological properties. The convenient carton size can be handled and stored with ease. No heavy drums or heated rooms are necessary.

**Inquiries about this product should include the Laboratory Inspection Number stamped below and the Product Number.**

**TEXCIDE POWDERED GERMICIDAL DETERGENT**  
**Staphylocidal - Pseudomonacidal - Fungicidal - Tuberculocidal**

**ACTIVE INGREDIENTS:**

Sodium o-phenylphenate	7.5%
Sodium o-benzyl-p-chlorophenate	3.3%
Sodium dodecylbenzenesulfonate	2.1%
Sodium p-tert-amylphenate	.6%
<b>INERT INGREDIENTS:</b>	<b>86.5%</b>

AOAC use dilution tests 1:128 in 500 ppm hardness water.

Staphylococcus Aureus	Mycobacterium Tuberculosis
Salmonella Cholerasius	
Pseucomonas Aeruginosa	Trichophyton Interdigitale

**DANGER: KEEP OUT OF REACH OF CHILDREN**

See First Aid and other precautions on side panel.

**NET CONTENTS                      PACKETS OF NET WEIGHT 1 OUNCE EACH**

**TEXIZE CHEMICALS, INC.**

**General Offices: Greenville, S. C. 29602**

**DIRECTIONS**

Premeasured packages require only that one or more packages be opened and the entire contents emptied into the dilution water. One ounce to one gallon, two ounces to two gallons, etc. for **GENERAL DISINFECTION** on light soil. For **HEAVY DUTY DISINFECTION** and **CLEANING** of heavily soiled and contaminated areas use two ounces to each gallon of water. Wet thoroughly by applying the solution with a mop or sponge. We recommend the use of rubber gloves to avoid skin irritation.

**DANGER:** Corrosive to tissues. Causes eye and skin damage. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling the concentrate. Harmful if swallowed. Avoid contamination of food.

**FIRST AID:** In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately. Rinse empty container thoroughly with water and discard it.
