For Hospital special use areas.

HOSPITAL FOGGING — As a adjunct to regular cleaning and disinfecting procedures, unoccupied rooms may be fogged with 2 oz. of 2-1/2% Intex Super Phene per gallon of water per average size room. Allow minimum of 2 hours after fogging has stopped before entering room.

AUTOPSY ROOM — Mop floors and clean tables and equipment by scrubbing or wiping with a solution of 2-1/2% Intex Super Phene per gallon of water. For persistent odors apply a solution of 2-1/2% Intex Super Phene to the problem area.

OUTPATIENT DEPARTMENT — Mop floors and wash walls, trim and equipment with a solution of 2-1/2% Intex Super Phene per gallon of water.

WARNING — May cause skin irritation or damage to the eyes. Harmful if swallowed. Avoid contact with skin and eyes and clothing. Do not take internally. In case of contact with eyes, flood liberally with water and call physician. In case of contact with skin, wash thoroughly with water or alcohol. Get medical attention if irritation persists. Avoid contamination of food.

Intex Super Phene contains biodegradable ingredients. Flush inert solution through toilets and sink to further reduce odor.

Keep empty container tightly closed with water filling cap on top.
