APR 30 1974

UNDER THE FEDERAL INSECTICIDE,
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTERED
UNDER NO. 11760-1. SUBJECT
TO ATTACHED COMMENTS.

DIRECTIONS

FOR CLEANING

Lightly soiled areas - Surfaces to be cleaned should be mopped or brushed with a solution containing 1 ounce of **EDSAN Q-A** per gallon of water. Rinse cleaned area with fresh water.

Heavily soiled areas - Mop or brush soiled surface with a solution containing 2-3 ounces of **EDSAN Q-A** per gallon of water. Rinse cleaned surface with fresh water.

GENERAL PURPOSE DISINFECTION

For cabinet walls, floors, and other hard surfaces in homes, hotels, restaurants, rest rooms, and other public places. Surfaces to be disinfected should be treated with a solution containing 1 ounce of **EDSAN Q-A** per gallon of water. Surfaces that are heavily soiled should be cleaned with a solution of **EDSAN Q-A** per gallon of water before disinfecting. Treat surfaces which may be contaminated with mold with a solution containing 2-3 ounces of **EDSAN Q-A** per gallon of water.

For floors, walls, and lower staffed walkways in hospitals, use a solution containing 2 ounces of **EDSAN Q-A** per gallon of water. For floors, walls, and lower staffed walkways in homes, use a solution containing 1 ounce of **EDSAN Q-A** per gallon of water. **Trichophyton interdigitale**, *Trichophyton mentagrophytes*, and *Trichophyton tonsurans*.

HOSPITAL DISINFECTION

For cabinet walls, floors, and other hard surfaces in hospitals, use a solution containing 2 ounces of **EDSAN Q-A** per gallon of water. For floors, walls, and lower staffed walkways in homes, use a solution containing 1 ounce of **EDSAN Q-A** per gallon of water. For floors, walls, and lower staffed walkways in homes, use a solution containing 1 ounce of **EDSAN Q-A** per gallon of water. For floors, walls, and lower staffed walkways in homes, use a solution containing 1 ounce of **EDSAN Q-A** per gallon of water.

MANIPULATION

For manipulation of hard surfaces in homes, use a solution containing 1 ounce of **EDSAN Q-A** per gallon of water. For manipulation of hard surfaces in homes, use a solution containing 1 ounce of **EDSAN Q-A** per gallon of water.

Q-A

DISINFECTANT - CLEANER - SANITIZER - FUNGICIDE - DEODORANT

Phenos Coeff: *S. aureus* 35 - *S. typhosa* 42

ACTIVE INGREDIENTS

n-alkyl (33% C ₁₄ , 40% C ₁₂ , 10% C ₁₆) dimethyl benzyl ammonium chloride	5.0%
Tetracodium salt of ethylene tetraacetic acid	2.3%
Sodium carbonate	2.0%
INERT INGREDIENTS	90.7%

DANGER — KEEP OUT OF REACH OF CHILDREN

See First Aid statement and additional precautions on side panel.

Container Disposal: When empty, rinse container thoroughly with water and destroy it by crushing or burying in a safe place.

MANUFACTURED BY

EPA Reg. No. 11760-1

NET CONTENTS

surface is heavily soiled, use **EDSAN Q-A** at a rate of 2-3 ounces per gallon to insure thorough cleaning. Sanitize cleaned surface with a rinse solution containing 1/2 ounce of **EDSAN Q-A** per gallon of water. All treated food contact surfaces must be rinsed with potable water prior to reuse.

DEODORIZATION

To deodorize surfaces during cleaning, mop or brush surfaces with a solution containing 1 ounce of **EDSAN Q-A** per gallon of water.

EDSAN Q-A is an effective antibacterial cleaner designed for use in household, industrial and institutional cleaning. When used as directed, **EDSAN Q-A** will disinfect hard surfaces such as floors, walls, counter tops, and furniture. It may be relied upon to deodorize bath room areas, kennel areas, and other areas where odor is likely to develop. The cleaner may be used as a general purpose antibacterial and disinfectant in homes, public places, food processing plants, and in other areas where efficient cleaning and deodorization is desired.

See left panel for deodorization.

DANGER - KEEP OUT OF REACH OF CHILDREN

Remove vapor from eyes, nose, and mouth. Do not get in eyes, on skin, or on clothing. Wash eyes and skin with plenty of water. Avoid contact with skin.

FIRST AID

In case of contact with eyes, flush with water for 15 minutes. If swallowed, do not induce vomiting. If inhaled, get fresh air and rest. If on skin, wash with plenty of water. If on clothing, remove clothing and wash with plenty of water.

NOTE TO PHYSICIAN

For information on the use of **EDSAN Q-A** in the treatment of various types of infections, see the following references:
