

DANGER - POISON

FOR BEST CONTROL
OPERATOR USE ONLY

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

Caution: This insecticide is extremely toxic through the skin. Avoid contact with bare skin. If contact occurs, wash immediately with copious amounts of water. Wash hands and exposed clothing with soap and water. Wash all contaminated clothing before reuse. Wash all food and feed containers and equipment thoroughly with soap and water and protect food. Do not apply when children and animals are present. Do not eat, drink, or smoke during or immediately after use. Use only as directed. This insecticide is registered by the Environmental Protection Agency, EPA, Registration Division, Office of Pesticides, and by the National Institute for Environmental Health Sciences under the provisions of 90 CFR Part 166. Keep a copy of this label with the product.

Precautions: Store in a cool, well-ventilated but not concentrated material and the diluted emulsion. Store in a well-ventilated area. Store the concentrate in a safe place. Children or animals must not be able to reach or handle the concentrate or diluted emulsion. If contact occurs, wash immediately with copious amounts of water. Do not eat, drink, or smoke during or immediately after use. Do not get on the concentrate. Do not get on the diluted emulsion. Wash the outside of the bottle of concentrate in running water before reusing.

ENVIRONMENTAL HAZARDS

This product is a toxic fish poison that will kill or injure fish and other aquatic life. Do not apply where drift may occur. Do not apply where drift from treatment may cause the death of aquatic life. Do not apply to water bodies used for drinking water.

PHYSICAL OR CHEMICAL HAZARDS

Do not use for fumigation or other purposes not intended.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in violation of the directions on this label.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Do not store in or around the home. Do not store in areas accessible to children or animals. Children or animals must not be able to reach or handle this concentrate or diluted emulsion.

PESTICIDE DISPOSAL: Pesticide wastes are acutely toxic. Do not allow a quantity of excess pesticide spray mixture to be disposed of or to flow into drainage systems. Do not allow empty containers to be disposed of or to flow into drainage systems. Do not discharge contents into any waterway. Follow the instructions on the container for disposal or EPA Regional Office for guidance.

CONTAINER DISPOSAL (METAL): Triple rinse thoroughly with water. Rinse and reclean. Do not reuse for food or beverage. Do not reuse for other purposes unless approved by state and local authorities.

Decontaminate water and containers by washing thoroughly with soap and detergent and rinsing with water. Do not allow this solution to be discharged or to contaminate water supplies. **CAUTION:** Avoid contact with the concentrated solutions.

CONTAINER DISPOSAL (PLASTIC): Triple rinse thoroughly with water. Do not reuse for food or beverage. Do not reuse for other purposes unless approved by state and local authorities. Do not reuse for other purposes unless approved by state and local authorities by burning. If burning, do not burn where it will release toxic vapors.
