DIRECTIONS

Use in hospitals, public rooms, homes, restaurants, barber and beauty shops and pet animal quarters for general disinfection of walls, floors, glass, metal, plastic, porcelain, synthetics and finished wood surfaces and furnishing.

FOR DISINFECTION

- 1. Flush away surface soils with water where possible.
2. Clean with a solution of 5 ounces of DISINFECTANT per gallon of water.
3. Rinse with clear water.
4. Apply disinfecting solution so as to thoroughly wet all surfaces.
5. Surfaces contacting food must be thoroughly rinsed after treatment.

FOR DEODORIZING

For garbage cans and similar refuse areas, use a solution of 16 ounces per gallon of water. Spray or wet all surfaces.

FOR MILDEW CONTROL

Use on enamel, porcelain, tile and plastics to control mildew. Follow directions for disinfection. Repeat treatment every seven days, or when new growth appears.
