Dear Ms. Wilson:

Subject: Amendment - Addition of Winter Instructions
Pool-Pal 100 Algaecide
EPA Reg No 12014-4
Your Submission Dated July 19, 1991

The labeling amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that the following changes are made:

1. Under Kills Green and Yellow Algae, insert "For Swimming Pools".
2. Under Precautionary Statements, delete "Avoid contamination of food or feed."
3. Update the Environmental Hazards section to read:

Do not apply directly to water except as specified on the label for this product.

Do not contaminate water when disposing of equipment washwaters.

4. Under Storage and Disposal, change "Avoid contamination of food and feed" to "Do not contaminate water, food or feed by storage or disposal".

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Check the application chart to determine the amount of this product to use for your pool. To a freshly filled pool or at first visible signs of algae growth, pour the required amount of this product into a plastic watering can, fill with water, and sprinkle the diluted product around the edge of the pool. For best results, the mixture should be distributed equally around the edge of the pool.

WINTER DIRECTIONS

Add the necessary amount of this product to your pool water prior to closing, according to the application chart. During the winter season check pool periodically for visible signs of algae and reapply this product if necessary.

This product is compatible with other pool chemicals but should never be pre-mixed with other chemicals before application.

PRECAUTIONARY STATEMENTS

Hazards to Humans

And Domestic Animals

Caution

This product may cause skin damage. Do not get on skin, eyes or clothing. This product may be harmful if swallowed. Avoid contamination of food and feed.

STATEMENT OF

PRACTICAL TREATMENT

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, get medical attention.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public water.

STORAGE AND DISPOSAL

Avoid contamination of food and feed. Do not reuse empty container. Wrap container and put in trash collection.

APPLICATION CHART FOR SWIMMING POOLS

Swimming Pool Capacity Gallons of Water	Initial Treatment	Treatment Once Every Two Weeks
5,000	2 ounces	1 ounce
10,000	4 ounces	2 ounces
20,000	8 ounces	4 ounces
30,000	12 ounces	6 ounces
40,000	16 ounces	8 ounces
50,000	20 ounces	10 ounces

Apply initial treatment to a freshly filled pool or at first visible signs of algae growth.

NOTE: This product is algaestatic rather than algaecidal to some BLACK ALGAE. Recommended rates of it will prevent formation of BLACK ALGAE. If BLACK ALGAE are already established, triple the initial dose.

HOW TO ESTIMATE GALLON

CAPACITY OF YOUR POOL

Measure Length (L), Width (W)
and average Depth (D) in feet.

For Square or Rectangular Pools:

$L \times W \times D \times 7.5 = \text{Gallons}$

For Circular or Elliptical Pools:

$L \times W \times D \times 5.9 = \text{Gallons}$

NO WAITING REQUIRED..

SWIM IMMEDIATELY AFTER
TREATMENT

NOTICE

Neither the manufacturer, nor the seller makes any warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use of this product when such use is contrary to label instructions. Contents may cause bluing where marcite has been etched.

This product is effective in controlling the growth of algae in swimming pools. The application of this product will control existing algae, and subsequent doses will control recontamination by algae. The treated water may be used immediately. NO WAITING.
