

A & V Incorporated
850 Hickory Street
Pewaukee, WI 53072

Attention: Carol W. Wilson

Gentlemen:

Subject: Pool Pal Quat 5 Algaecide
EPA Registration No. 12014-12
Your Amendment Application Dated April 10, 1986

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. On the right panel delete the statement "GENERAL CLASSIFICATION."
 - b. The ENVIRONMENTAL HAZARDS statement must be expanded to read as follows:

This pesticide is toxic to fish. Do not discharge effluent containing this active ingredient into lakes, streams, ponds estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

- c. We have determined that this product is subject to Child-Resistant Packaging regulations (effective March 9, 1981). Refer to 40 CFR 162.16 "Pesticides Requiring Special Packaging" and the *Federal Register* Vol. 46, No. 41, Tuesday, March 3, 1981, pps 15104-15109, "Clarification of Policy

91087; Lee:L-12; KENCO: 7/15/86; 7/25/86; de:VO

| CONCURRENCES | | | | | | | |

Issues on Special Packaging," for guidance and proper submission requirements.

You must submit a statement certifying that your packages meet the standards for special packaging for this registration.

However, you may wish to voluntarily restrict your product to use by servicepersons only which would not require child-resistant packaging. To do this, you must print on the label, or temporarily apply as a sticker on the label or on the container for all sizes in which this product will be marketed, the following statement:

Only for Sale To, Use and Storage by Service Personnel.

This statement must be at least the same type size as the child hazard warning statement and preferably placed in the upper front panel.

- 2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

John H. Lee 
Product Manager (31)
Disinfectants Branch
Registration Division (TS-767C)

Enclosure

This algaecide is efficient, economical and stable in use dilution. It is compatible with most chemicals used in pool water and will not damage tile, concrete, metal, or plastics. Do not, however, pre-mix with other chemicals before application.

Keeps pool water free and sparkling clear of visible algae, slime and green brown colors. It improves filter operation and cuts down need for other chemicals and imparts tone and pleasant "feel" to swimming pool water.

PRECAUTIONARY STATEMENTS AUG 1 1 1986

DANGER
HAZARDS TO HUMANS
AND DOMESTIC ANIMALS

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 12014-12

Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public waters.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, as well as oxygen and measures to support breathing manually or mechanically may be needed.

FOR SWIMMING POOLS
OUTSTANDING ALGAE GROWTH DEPRESSANT

ACTIVE INGREDIENTS:

Alkyi* Dimethyl Benzyl Ammonium Chloride
 *(C₁₂: 60%, C₁₀: 25%, C₁₆: 15%) 95.5%
 Ethanol 1.5%
INERT INGREDIENTS 96%

KEEP OUT OF REACH OF CHILDREN
DANGER
 See side panel for additional precautionary statements.

EPA Reg. No. 12014-12
 EPA Est. Reg. No. 12014-WI-1
NET CONTENTS 1 QUART (32 fl. oz.)

Manufactured by:
A & V, INCORPORATED
 PEWAUKEE, WISCONSIN 53072

DIRECTIONS
GENERAL CLASS

It is a violation of Federal law to use this product in a manner inconsistent with the label.

Initial Application: To a clean pool, apply 1 quart per 50,000 gallons of water.

Maintenance Dose: Use 1/2 quart per 50,000 gallons of water every 5 days or as needed. Do not use if hot or bathing load is heavy.

Booster Dose: Immediate application of 1/2 one quart per 50,000 gallons of water.

Pour the required amount into a plastic watering can, fill with water, and apply the diluted product around the pool. For best results, the product should be distributed equally around the pool with the filter running, at a level in the acceptable range.

Important: Follow above directions even when pool is not under control. Do not be fought at all times.

STORAGE AND DISPOSAL

Avoid contamination of ground water. Do not reuse empty container. Do not place in trash collection.

NOTICE

Neither the manufacturer nor the distributor makes any warranty, expressed or implied, or assumes any liability for the use of this product. Buyer assumes all liability for the product when such instructions are not followed.
