□

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

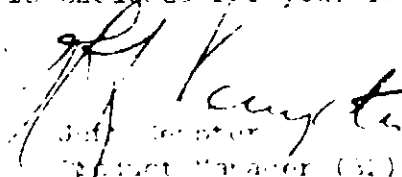

1. If you are a manufacturer, importer, or distributor of a pesticide, you must submit to the Registration Division (75-767) a copy of your final printed label for the product, and a copy of your final printed label for each similar product to which such data apply.

2. Place the phrase "EPA Registration No. 12014-34" on your label before you release the product for shipment.

3. Submit five (5) copies of your final printed label to the Registration Division (75-767) before you release the product for shipment. Refer to the A-75 enclosure for a further description of final printed label.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

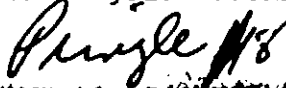

A copy of the label is enclosed for your records.

J. H. Pringle

POOLCARE CHC SHOCK

Destroys Organic Wastes.
Restores Sparkle.

NET WT. 1 lb. (0.45 kg)

ACTIVE INGREDIENTS:

Calcium Hypochlorite* 65%

INERT INGREDIENTS: 35%

*AVAILABLE CHLORINE 65%

KEEP OUT OF REACH OF CHILDREN

DANGER

CONTAMINATION MAY CAUSE FIRE!

MIX ONLY WITH WATER.

See side panel for additional precautionary statements.

EPA Reg. No. 12014

EPA Est. No. 12014-WI-1

A&V, Incorporated

Sussex, WI 53089

This product destroys organic wastes and kills bacteria and algae which restores sparkle to pool water.

DIRECTIONS FOR POOL USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Always adjust pH between 7.2 and 7.4 prior to using this product.

SUPERCHLORINATION OF STABILIZED POOLS: Slowly pour into the skimmer or broadcast over a large area in the deep end of the pool. Use 1 lb. per 16,000 gallons of pool water. Superchlorinate every 14 days when the water temperature is below 80 F. Superchlorinate every 7 days anytime the water temperature is above 80 F, bathing loads are heavy, pool water appears dull or hazy, an unpleasant chlorine-like smell is present, excessive eye irritation occurs, or after heavy rain. Pool should not be entered until the chlorine residual is 1.0-3.0 ppm.

SHOCK TREATMENT FOR CONTROL OF ALGAE: If algae develop with resulting green color and slimy feeling, shock treatment is necessary.

Slowly pour into the skimmer or broadcast over a large area of the pool surface at the deep end. Use 1 lb. per 8,000 gallons of water. If the pool sides or bottom develop algae spots, direct this product as close to the algae as possible. NOTE: Prolonged contact with pool surfaces may cause staining or bleaching. Immediately after treatment thoroughly clean pool by scrubbing surface of algae growth, vacuum and cycle through filter. If necessary, repeat the treatment. Pool should not be entered until the chlorine residual is 1.0-1.3 ppm.

ACCEPTED
with COMMENTS
in EPA Letter Dated:

JAN 26 1989

Under FIFRA Act Insecticide,
Fungicide, and Pesticide Act
as amended, the pesticide
is registered under EPA Reg. No.

12014-34

3

WINTERIZING: While the water is still clear and clean, prepare for long periods of disuse by gradually applying 1 lb. of this product per 2,500 gallons of water. Run the filter until completely dispersed. Cover the pool with a plastic pool cover and prepare the heater, pump and filter components for winter by following manufacturer's directions.

STORAGE AND DISPOSAL

Store in a cool, dry, well-ventilated area away from heat or open flame. After opening pouch, use entire contents immediately. Do not save material or try to reseal pouch. Dispose of empty bag in sanitary landfill. **EMERGENCY HANDLING:** In case of contamination or decomposition, stand back and flood with large volumes of water.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Do not handle with bare hands. When handling, wear rubber gloves and goggles or face shield and use only thoroughly clean, dry utensils. Irritating to nose and throat. Remove and wash contaminated clothing before reuse.

FIRST AID (PRACTICAL TREATMENT)

IF ON SKIN: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. **IF INHALED:** Remove person to fresh air. Get immediate medical attention. **IF SWALLOWED:** Give bread soaked in milk followed by large amounts of water. If person is conscious and vomiting, place face down with head lower than hips. Get immediate medical attention.

CHEMICAL HAZARDS

DANGER: Strong oxidizing agent. Mix only into water. Contamination may start a chemical reaction with generation of heat, liberation of hazardous gases and possible fire and explosion. Avoid any contact with flame or burning materials, such as a lighted cigarette. Do not contaminate with moisture, garbage, dirt, organic matter, chemicals, including other pool chemicals, pool chlorinating compounds, household products, cyanuric acid pool stabilizers, soap products, paint products, solvents, acids, vinegar, beverages, oils, pine oil, dirty rags or any other foreign matter.

ENVIRONMENTAL HAZARD

This product is toxic to fish. Do not contaminate lakes, ponds, or streams by cleaning of equipment or disposal of wastes.
