

CHEKMATE is an industrial cleaner which disinfects as it cleans. It is especially designed for schools, institutions, and industry. A single application removes dirt and grime and disinfects. When used as directed, the hard surface disinfecting action of CHEKMATE will reduce the hazard of cross-infection.

When used as directed, CHEKMATE will deodorize toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and other places where bacterial growth can cause mal odors.

WARNING

KEEP OUT OF REACH OF CHILDREN

Causes eye and skin irritation.

Avoid contamination of food. Harmful if swallowed.

Avoid getting product in the eyes. In case of contact, flush copiously with water and seek medical attention.

Avoid getting product on the skin. In case of contact, flush copiously with water immediately to avoid possible skin irritation.

CHEKMATE

**Cleaner — Disinfectant — Deodorizer — Fungicide
for Institutional Use**

AOAC Phenol Coefficients

Staph. aureus (ATCC No. 6538)	50

STATEMENTS**

USE DIRECTIONS:

Add two ounces per gallon water.

Apply CHEKMATE to walls, floors and other hard surfaces such as tables, chairs and bed frames with a cloth or mop.

At two ounces per gallon use-level, CHEKMATE is effective against Staphylococcus aureus, Salmonella choleraesuis, Escherichia coli, and Trichophyton interdigitale, the athlete's foot fungus. Germicidal performance against the first three organisms has been confirmed by the AOAC Use-Dilution Test. Fungicidal performance against T. interdigitale was determined by the AOAC Fungicidal Test.

Note, this product is not effective against Ps. aeruginosa at this use-level.

Rinse empty container with water before discarding.
