EPA No. 12188-3  
EPA Est. No. 12188-TX-1

NET CONTENTS 1 Gallon  
Lot No

## DIRECTIONS

This product should be applied as a coarse (large droplet) spray in spot treatment of localized surface areas only.

**Cockroaches, Ants, Silverfish, Spiders, Crickets, and Earwigs:** Spray areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices, along baseboards and door sills and frames, behind and beneath sinks, stoves, refrigerators, and cabinets, and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests and points of entry.

**Brown Dog Ticks:** Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, windows and door frames and localized areas of floor and floor covering where these pest may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

**Flies and Mosquitoes:** Use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions, and in garages where these insects may congregate. Flies and Mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

## DIRECTIONS

This product should be applied as a coarse (large droplet) spray in spot treatment of localized surface areas only.

**Cockroaches, Ants, Silverfish, Spiders, Crickets, and Earwigs:** Spray areas where these pests are found or may be found, including dark corners of rooms and closets, cracks and crevices, along baseboards and door sills and frames, under and beneath sinks, stoves, refrigerators, and cabinets, and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places could be sprayed directly. Spray ant trails, nests and points of entry.

**Law Dog Ticks:** Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, windows and door frames and localized areas of carpet and floor covering where these pest may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

**Flies and Mosquitoes:** Use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions, and in garages where these insects may congregate. Flies and Mosquitoes landing to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

## USE PRECAUTIONS

Do not allow children or pets to contact treated surfaces until spray has dried.

Do not spray air in rooms or use on plants. Apply as a surface spray only as specified on this label.

Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils if contaminated with this product.

Remove pets and cover fish bowls before spraying.

This product is toxic to fish. Do not contaminate water by cleaning equipment or disposal of wastes. Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies.

## CAUTION

**HARMFUL IF SWALLOWED, COMBUSTIBLE:** Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. Do not smoke while using. Wash thoroughly after handling. **DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.** If swallowed, do not induce vomiting. Call a physician immediately.
