DRAIN LINE ROOT CONTROL

Designed for:

- Municipalities
- Industry
- Institutions
- Home Use

Active Ingredient:

Copper Sulfate Pentahydrate*	19.8%
Inert Ingredients	80.2%
Total	100.0%

*Metallic copper equivalent 5.04%

EPA Reg. No.....12204-1

EPA Est. No.....12204-NB-1

KEEP OUT OF REACH OF CHILDREN DANGER

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Have the product container or label with you when calling poison control center or doctor, or going for treatment advice.

Read additional precautions on side panel.

Manufactured by **M-70**

Mid-American Research Chemical Corp.
Columbus, NE 68601

ACCEPTED

MAY 25 2004

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 12204-1

- ★ ODORLESS
- ★ READY-TO-USE
- ★ STABLE

Precautionary Statements
Hazards to Humans and Domestic Animals

DANGER

Corrosive. Causes irreversible eye damage and skin burns. Wear goggles or safety glasses, protective clothing, and rubber gloves. May be harmful if swallowed or absorbed through the skin. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not apply to water except as specified on labeling.

(If container size is one gallon or less, use the following Storage and Disposal statement):

STORAGE AND DISPOSAL

Store only in tightly closed original container in a secure area inaccessible to children. Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

IF EMPTY: Do not reuse container. Rinse thoroughly before discarding in trash or offer for recycling if available.

IF PARTLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain except as indicated on this label.

Contact federal, state or local disposal authorities for approved alternative procedures.

(If container size is greater than one gallon, use the following Storage and Disposal statement):

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE:

Store in original container in areas inaccessible to children. Do not reuse empty container.

PESTICIDE DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL:

(Plastic Containers:) Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

(Metal Containers:) Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To control root growth in sewer pipes, use Drain Line Root Control as follows:

COMMERCIAL, INDUSTRIAL AND MUNICIPAL SANITARY SEWERS: During periods of low flow, use one gallon of Drain Line Root Control each 6 to 12 month period at each junction or terminal ahead of where there may be a root problem. To be effective, the sewer must be opened sufficiently to permit some water flow. This can be attained by mechanical or chemical means.

STORM SEWERS: Use one gallon of Drain Line Root Control each 300 to 400 feet per year. Make application during period of light flow. In dry weather, introduce a flow with a hose. If storm drains become almost plugged, repeat treatment three to four times at two-week intervals.

HOUSEHOLD SEWERS: Use Drain Line Root Control twice yearly at the rate of one quart to each 75 to 100 feet of sewer. Apply in toilet nearest sewer line at night or during periods of low flow. Flush toilet after each quart of application. If sewer is completely blocked, use mechanical or chemical methods to obtain some flow. Follow with repeat treatments until free flow is restored. Then resume semi-annual preventative treatments.

NOTE: Do not apply in sink or tub drains.
