

BIG D

USE DIRECTIONS:

Use at 2 ounces per gallon. This product will be effective against *Pseudomonas aeruginosa* PRD-10 at this level. This has been substantiated by the AOAC Use Dilution Confirmation Test. At this level, the product is fungicidal against pathogenic fungi.

For best results, use Big D with a cloth or mop and apply to walls, floors and other hard surfaces.

If used for sanitation of food equipment or food contact items, limit the level of active quaternary to 200 ppm. (2.8 ounces per 5 gallons of water).

NO RINSE REQUIRED.

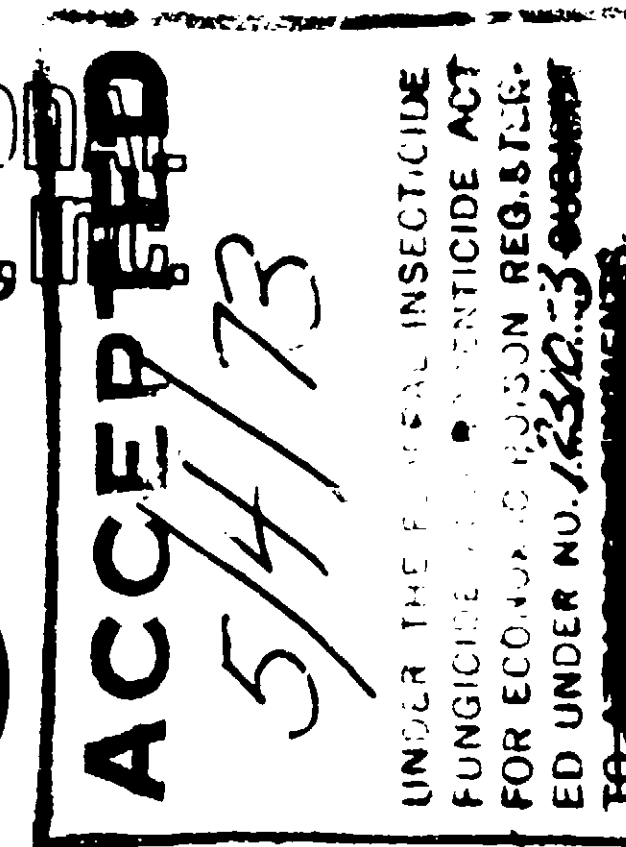

For removing heavy soil or organic matter, clean with MISCO's Power all-purpose concentrate, before using Big D.

BIG D

designed for hospital and institutional use

BIG D

Big D is a cleaner, disinfectant, and sanitizer designed for institutional use, such as HOSPITALS, NURSING HOMES, and SCHOOLS where housekeeping will be of prime importance in reducing the hazard of cross-infection from environmental surfaces. Big D can provide the assurance you need in this area, when used as directed. For use in floors, walls, sink tops, garbage pails, telephones, rest rooms, bed pans and operating rooms. Effective against *Staphylococcus aureus*, *Salmonella choleraesuis* and *Pseudomonas aeruginosa*. Also effective against pathogenic fungi, *Trichophyton interdigitale*.

When used for sanitization of previously cleaned food processing equipment and food contact items, limit active quaternary to 200 ppm. (2.8 oz. per 5 gals. of water.) At this level No Potable Water Rinse is required.
