KLEENCO ASSURANCE 128

Heavy Duty Germicide with Organic Soil Tolerance
Cleaner-Disinfectant-Deodorizer-Fungicide-Virucide-Sanitizer for Hospital and Institutional Use

Active Ingredients
Octyl Decyl Dimethyl Ammonium Chloride
Dioctyl Dimethyl Ammonium Chloride
Didecyl Dimethyl Ammonium Chloride
Tetrasodium Ethylenediamine Tetraacetate

Inert Ingredients

**KEEP OUT OF REACH OF CHILDREN
DANGER**
Statement of Practical Treatment

ACCEPTED
OCT 29 1981
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under 12388-0 EPA Reg. No.

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, as well as oxygen and measures to support breathing manually or mechanically may be needed. If persistent, convulsions may be controlled by the cautious intravenous injection of a short-acting barbiturate drug.

Directions for Use GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Kleenco Assurance 128 is a proven one-step cleaner-disinfectant-sanitizer-fungicide-virucide in the presence of moderate amounts of organic soil when used as directed.

Apply **Kleenco Assurance 128** to walls, floors and other hard (inanimate) non-porous surfaces such as tables, chairs, countertops, sinks and bedframes with a cloth, mop or mechanical spray device so as to thoroughly wet surfaces. For heavily soiled areas a preliminary cleaning is required. Prepare a fresh solution daily or when use solution becomes visibly dirty.

Disinfection — For routine disinfection of hard non-porous surfaces, add 1 oz. per gallon of water. Treated surfaces must remain wet for 10 minutes. At this use-level, **Kleenco Assurance 128** is an effective virucidal and fungicidal. When encountering organic soils in hospitals, nursing homes, schools, institutional and industrial uses, add 2 oz. per gallon of water.

Sanitizing — To sanitize porous or non-porous non-food contact surfaces, add 1/2 oz. per gallon of water. Treated surfaces must remain wet for 60 seconds.

For hospitals, nursing homes, schools, institutions and industry, add 1 oz. per gallon of water. The broad spectrum activity of **Kleenco Assurance 128** has been evaluated in the presence of 5% serum and found to be

effective against the following organisms by the AOA Use-Dilution test.

- Pseudomonas aeruginosa*
- Staphylococcus aureus*
- Salmonella choleraesuis*

AOA Fungicidal Test
Kleenco Assurance 128 is an effective fungicide against *Trichophyton mentagrophytes* (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities, etc.

Virucidal Performance
*At 1 oz. per gallon use-level, **Kleenco Assurance 128** was evaluated in the presence of 10% serum and found to be effective against the following viruses: Herpes Simplex (a member of the virus family that causes infectious mononucleosis), Vaccinia (representative of the pox viruses), and Influenza A₂ as represented by the strain commonly called the Hong Kong Flu on inanimate environmental surfaces.

Sanitizing-Non-Food Contact Surfaces (such as walk floors, tables, etc.). At 1/2 oz./gallon use-level, **Kleenco Assurance 128** is an effective sanitizer in waters of up to 400 ppm hardness against *Staphylococcus aureus* and *Klebsiella pneumoniae* in the presence of 5% serum on hard porous and non-porous environmental surfaces.

Only for sale to, use, and storage by service persons.
