NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), subject to the provisions below.

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. We conclude that the efficacy data referenced to support the claims for this product suggest that the bait is likely to be accepted reasonably well by commensal rats. We note, however, that the tests were not run with a bait block of the size and shape that is to be used for this product. Therefore, this product is registered conditionally at this time. The conditions of registration are specified below.

- Within 12 months of the date of registration, you must submit a report of a laboratory efficacy study (Protocol 1.213) with Norway rats as subjects and using weathered bait blocks otherwise identical to those marketed for this product.

3. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase, "EPA Registration No. 12455-82"

b. Change the last sentence under "URBAN AREAS" to read

"May also be used in alleys and sewers."

Submit one copy of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

This registration will be subject to cancellation in accordance with FIFRA sec. 6(e) if you do not comply with these conditions. Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Robert A. Forrest
Product Manager (14)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

Contract SEWER Blox

Federal Insecticide, Fungicide, and Rodenticide Act, amended, for the purpose of registration under EPA Reg. 12455-82

APPLICATION D

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

IMPORTANT: Do not expose children, pets, or other nontarget animals to rodenticides. To help to prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and nontarget wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to hoofed livestock, raccoons, bears, or other potentially destructive animals, or in areas prone to vandalism.
3. Dispose of product container and unused, spoiled, and unconsumed bait as specified on this label.

USE RESTRICTIONS:

For control of Norway rats in sewers. Also for control of Norway rats and roof rats in the following areas:

URBAN AREAS:

May be used in and around the periphery of homes, industrial, commercial, and public buildings. CONTRAC SEWER BLOX may also be used in and around transport vehicles (ships, trains, aircraft) and related port or terminal buildings. May also be used in alleys.

NON-URBAN AREAS:

May be used inside of homes and agricultural buildings.

Do not place bait in areas where there is a possibility of contaminating food on surfaces that come in direct contact with food.

SELECTION OF TREATMENT AREAS: Determine areas where rats will most likely find and consume the bait. Generally, these areas are along walls by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been seen. Remove as much alternative food as possible.

KILLS NORWAY RATS AND ROOF RATS
Kills Warfarin Resistant Norway Rats

Norway rats may consume a lethal dose in one feeding with first dead rodents appearing four to five days after treatment begins.

ACTIVE INGREDIENTS: Bromadiolone;

3-[3-(4'-Bromo-[1,1'-biphenyl]-4-yl)-3-hydroxy-1-phenylpropyl]-

4-hydroxy-2H-1-benzopyran-2-one 0.005%

INERT INGREDIENTS..... 99.995%

TOTAL 100.000%

KEEP OUT OF REACH OF CHILDREN CAUTION

May be harmful or fatal if swallowed or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Wash hands after handling bait. If swallowed, call a physician at once.

(SEE RIGHT PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.)

NET WEIGHT: 20 lbs. (9.1 kg)

Bell Laboratories, Inc.

Madison, WI 53704 U.S.A.

EPA REG. NO. 12455-82

EPA EST. NO. 12455 WI-1

APPLICATION DIRECTIONS: Use one bait block per place. Use wire to secure block above 1/2 inch. Replenish bait stations at appropriate intervals. Maintain an uninterrupted supply of bait until signs of rat activity cease.

Replace contaminated or spoiled bait. Dispose of all dead animals and left over bait. Limit sources of rodent infestation as much as possible. If reinfestation occurs, Where a continuous source of infestation exists, use permanent bait stations and replenish.

STORAGE AND

Do not contaminate water, food, or feed. **STORAGE:** Store only in original container, inaccessible to children and pets.

PESTICIDE DISPOSAL: Wastes from this product may be disposed of on a sanitary disposal facility.

CONTAINER DISPOSAL: Complete disposal of empty carton in a sanitary manner as allowed by State and local authorities. Do not burn out of smoke.

PRECAUTIONARY HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Keep away from humans, domestic animals, and livestock. If swallowed, this material may reduce the blood clotting ability, cause bleeding. Avoid contact with skin. Wash thoroughly with soap and water after handling. Call a physician at once.

NOTE TO PHYSICIAN: If ingested, do not induce vomiting unless directed by a physician. Muscularly or orally as indicated. Repeat as necessary based on clinical doses. Repeat as necessary based on clinical doses.

ENVIRONMENTAL

This product is toxic to fish and wildlife in streams or ponds.

WARRANTY: Seller makes no warranty concerning the use of this product or the results of such use and/or handling is contrary to the label.
