Your amended applications of September 19, 2003

- Purpose** The purpose of these submissions is to revise your label in accordance with PR Notices 2001 and 2001-6 and to make other minor changes.
- Label review** The labeling submitted with the above letter, under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) is acceptable, provided you submit one (1) copy of final printed labeling to us, with the following changes, before you ship your product.
1. Change "For Formulating Use Only" to "A Rodenticide Only for Formulation into Registered Products for Use In and Around Structures and Inside Transport Vehicles to Kill Norway Rats, Roof Rats, and House Mice."
 2. Change "PESTICIDE STORAGE" to "STORAGE".

Existing stocks Stocks of existing labels may be used for eighteen (18) months.

Consequence for non-compliance If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Questions If you have questions about this letter, please contact me at 703-305-5407 (by phone), 703-305-6596 (by fax), or peacock,dan@epa.gov (by E-Mail).

Sincerely yours,

Daniel B. Peacock, Biologist
Insecticide-Rodenticide Branch
Registration Division (7504C)

in EPA Letter Dated:

WARNING

NOV 24 2003

FIRST AID

HAVE LABEL WITH YOU WHEN OBTAINING TREATMENT ADVICE

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

IF SWALLOWED:

• Call a poison control center, doctor, or 1-877-854-2494 immediately for treatment advice.

• Have person sip a glass of water if able to swallow.

• Do not induce vomiting unless told to do so by the poison control center or doctor.

IF INHALED:

• Remove person to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. Get medical attention.

IF IN EYES:

• Hold eye open and rinse slowly and gently with water for 15 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing.

• Get medical attention.

IF ON SKIN:

• Rinse skin with water for 15 – 20 minutes. Remove contaminated clothing. Get medical attention.

NOTE TO PHYSICIAN OR VETERINARIAN

Bromethalin is not an anticoagulant rodenticide. Bromethalin uncouples oxidative phosphorylation in the mitochondria. If swallowed, absorbed or inhaled by humans, domestic animals or pets, this material would likely cause numbness, incoordination and respiratory distress. If ingested, limit absorption by either emesis or gastric lavage. Sublethal symptoms, if present, would be the result of cerebral edema and should be treated accordingly through administration of an osmotic diuretic and corticosteroid.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

NOTICE TO FORMULATORS: Formulators who use this product are responsible for providing data to support their own registrations.

IMPORTANT: This product may be used only to formulate registered end-use rodenticide products which are used for any of the following purposes:

1. to control Norway rats, roof rats, and house mice in and around homes, industrial and agricultural buildings, similar man-made structures; inside transport vehicles (ships, trains, aircraft), in and around related port or terminal buildings, and in alleys located in urban areas;
2. uses for which the U.S. Environmental Protection Agency has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and
3. Experimental Use Permits that are in compliance with the requirements of the U.S. Environmental Protection Agency.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

May be fatal if swallowed. May be harmful if or absorbed through the skin. Causes moderate eye irritation. Do not get in eyes, on skin, or on clothing. Avoid breathing dust. Wash arms and face with soap and water after mixing or handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other water unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

5 8 5

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store only in original container in a dry place, inaccessible to children and pets. Store only in original container. Keep container closed when not in use. Do not store near food or feed.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Do not reuse empty container. Dispose of empty container by placing in trash, at an approved waste disposal facility or by incineration or, if allowed by state and local authorities, by burning. If burned stay out of smoke. Call your Local Waste Agency for any questions on proper disposal.

WARRANTY: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
