H55

Attention: Dr. John Lublinkhof

- Subject** Tomcat® Mouse Killer VI
EPA Reg. No. 12455-119
Your amended application of June 14, 2010
- Purpose** This submission requests a change in the type of bait station (from “non-compliant” to Tier 1) used for this product, under sec 3 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and to make labeling changes consistent with the Agency’s May 28, 2008, Risk Mitigation Decision for Ten Rodenticides for a Tier 1 bait station.
- Review** We have reviewed the data submitted to change the type of bait station from “non-compliant” to Tier 1 and have found these data acceptable.
- Labeling** The labeling submitted with the above letter will be acceptable, provided that you submit one (1) copy of the final printed label before you ship your product.
- Compliance with Risk Mitigation** With the above change, this product will be in full compliance with the Agency’s revised May 28, 2008 “*Risk Mitigation Decision for Ten Rodenticides*” and current requirements.
- Existing stocks**
- The registrant may not distribute or sell existing stocks of this product after June 4, 2011 unless they conform to the terms and conditions of registration as amended today.
 - Any person other than the registrant may sell and distribute existing stocks of this product with the previously approved label until such stocks are exhausted.
 - Any person may use existing stocks of this product with the previously approved label until such stocks are exhausted.

Consequence for non-compliance If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Questions If you have questions about this letter, please contact Mr. Dan Peacock at 703-305-5407 (phone); 703-305-6596 (fax); or peacock.dan@epa.gov (E-Mail).

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions. Use only for the sites, pests and application methods described on this label.

USE RESTRICTIONS:

This bait station may be used in and around (within 50 feet of) buildings accessible to children and pets, consistent with all use restrictions and other requirements indicated on this label.

For control only of house mice. This bait station can only be refilled with the block bait sold with this station. This bait station must be used in and around buildings with all use restrictions and other requirements indicated on this label. Do not place this bait station in any area where there is a possibility of contaminating food or surfaces that come into direct contact with food.

SELECTION OF TREATMENT AREAS: Determine areas where mice will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, in corners and concealed places.

012455-00119.20101025

APPLICATION DIRECTIONS:

While wearing gloves, place one block of bait in the bait station. See additional GRAPHICS AND TEXT. Place the bait station at highest point of activity along a wall or in corner where mice or their signs have been seen. If additional units are purchased, place bait stations at 8 to 12 foot intervals. While wearing gloves, replace bait in bait station when bait is consumed or contaminated. Maintain an uninterrupted supply of fresh bait for at least 15 days or until signs of mouse activity cease in infested area.
