	Tomcat® Rat Killer II		
Name and Address of Registrant (include ZIP Code)			
Bell Laboratories 3699 Kinsman Blvd Madison WI 53704 Attention Mr John Lublinkhof			
Note Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.			
On the basis of information furnished by the registrant the above named pesticide is hereby registered/reregistered under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA)			
Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment the Administrator on his motion may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.			
EPA received an application for this new registration on July 10 2012. EPA grants this request under the authority of section 3(c)(5) of FIFRA provided that you

Notice of Registration (continued)

EPA Reg No 12455 140 Tier 1 Refillable Bait Station

- A Submit and/or cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit such data
- B Make the following label changes before you release the product for shipment
 - 1 revise your registration number to EPA Reg No 12455-140 and
 - 2 follow the Minimum Type Sizes for Final Printed Label enclosure
- C within 15 months of registration submit the following confirmatory product specific chemistry data for this product
 - 1 Storage Stability Data (830 6317)
 - 2 Corrosion Characteristics Data (830 6320)
- D Per 40 CFR 156 10(a)(6) submit one copy of your final printed labeling before you release the product for shipment

A copy of your label stamped Accepted is enclosed for your records

Reference to Website on Label

Should you wish to add a reference to the company's website on your label please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156 10(a)(5) lists examples of statements EPA may consider false or misleading. In addition **regardless of whether a website is referenced on your product's label** claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Confidential Statement of Formula

The acceptable Confidential Statement of Formula (CSF) for this product is dated July 9 2012 (Basic Formulation). All other versions are obsolete.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling
READ THIS LABEL Read this entire label and follow all use directions and use precautions Use only for the sites pests and application methods described on this label

USE RESTRICTIONS

This bait station may be used in areas accessible to children and pets consistent with all use restrictions and other requirements indicated on this label Do not apply further than 50 feet from a home or building

For control only of Norway rats roof rats and house mice This bait station can only be refilled with the block bait sold with this station TOMCAT RAT KILLER II must be used in and around buildings consistent with all use restrictions and other requirements indicated on this label Do not place this bait

station or stored block bait in any area where there is a possibility of contaminating food or surfaces that come into direct contact with food. Store bait block refills out of reach of children and pets.

SELECTION OF TREATMENT AREAS Determine areas where rats and/or house mice will most likely find and consume the bait. Generally, these areas are beside burrows, along by gnawed openings in corners and concealed places.

APPLICATION DIRECTIONS

While wearing gloves, place 1 or 2 blocks of bait in the bait station. Replace each block as necessary. See additional GRAPHICS AND TEXT. Place the bait station at highest point of activity beside burrows along a wall or in corners where rats and/or mice or their signs have been seen. If additional units are purchased, place bait stations at 15 to 30 foot intervals. Maintain a constant supply of fresh bait for 10 days or until signs of rat or mouse activity cease in infested areas. While wearing gloves, replace bait in bait station when bait is consumed or contaminated.

LOADING BAIT INTO STATION

1 REMOVE BAIT CARTRIDGE FROM BOTTOM OF STATION

With your left hand push tab up

While still holding tab, squeeze prongs of bait cartridge and pull away from station

2 LOAD BAIT

Place bait into cartridge

Push cartridge into station until it clicks into place

Follow up Wearing gloves collect and properly dispose of any leftover bait or carcasses To discourage reinfestation eliminate food water and harborage as much as possible If reinfestation does occur repeat treatment

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION Harmful if swallowed Keep away from children domestic animals and pets Wash thoroughly with soap and water after handling and before eating drinking chewing gum or using tobacco Any person who handles bait refills a station or retrieves carcasses or unused bait must wear gloves

FIRST AID

HAVE LABEL WITH YOU WHEN OBTAINING TREATMENT ADVICE

IF SWALLOWED
