

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT
Super-2017 Concentrate
1.5% Chlorpyrifos Methyl

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

San-Fresh International, Inc.
4700 Oakfield Drive
San Antonio, TX 78213

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This registration is being issued in accordance with Section 3(c)(7)(A) of the FIFRA subject to the following conditions:

1. It is understood that you will submit to EPA all data required for registration or re-registration of your product under Section 3(d)(1) of the FIFRA when the Agency requires you to submit such data.

2. You will submit five copies of your finished printed labels complying with the requirements or revisions specified in the attachment to this registration notice. These labels must be submitted to the Agency before the product is released for shipment in compliance with Section 3(d)(2) of June 15, 1982.

A stamped copy of the data and labels will be placed in the records of the Agency. The product for shipment consists of the labels of the containers. If the conditions are not complied with, the registration will be subject to the provisions of Section 3(d)(2) of the FIFRA.

DIRECTIONS FOR USE

FOR INSTITUTIONAL/INDUSTRIAL USE ONLY BY QUALIFIED SERVICEPERSONS.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Super-Qwik™ has been designed specifically for hospitals, nursing homes, schools, and other institutions where housekeeping is of prime importance. Super-Qwik™ deodorizes as it cleans, by removing odor causing microorganisms in urinals and toilet bowls. Efficacy tests have demonstrated that Super-Qwik™, used as directed, is a proven "one step" bactericide, virucide and fungicide (pathogenic fungi) in the presence of organic soil (5% blood serum). Recommended only for use on hard, non-porous inanimate surfaces (toilet bowls and urinals) and is to be dispensed only out of the Qwik N' Safe™ Cleaning Wand.

TO DISINFECT, DEODORIZE AND CLEAN:

1. REMOVE WATER

Force water into the bowl or urinal trap with the Qwik N' Safe™ Bowl Cleaning Head.

2. APPLY CLEANER

Slide TRIGGER STOP to the "ON" position. Squirt concentrated bowl cleaner under and around the rim--minimum of 3 squirts (1/5 ounce) for toilet bowls and urinals is required.

3. CLEAN

Wipe all surfaces with the swab portion of the head, so as to wet thoroughly. Scour with the scrub pad under the flush ring, or to remove stubborn stains.

4. WAIT

Allow to remain wet for 10 minutes. Flush. Rinse cleaning head in flush water. Drain head and shake off excess water. Repeat cleaning if necessary.

5. LOCK/STORE

Slide the TRIGGER STOP to the "LOCK" position. Place the cleaning wand in the storage caddy on your cleaning cart.

Super-Qwik™
Concentrate

Multi-Duty
Bowl Cleaner

Specifically formulated for DAILY and HEAVY CLEANING of toilet bowls and urinals. Dispensed from the Qwik N' Safe™ Bowl Cleaning Wand, this 8 oz. container cleans more toilets than a full quart of regular bowl cleaner.

- SUPER CONCENTRATED -- cleans up to 37 toilet bowls.
- COST EFFICIENT -- metered dispensing combined with super concentrated cleaner.
- COATING ACTION -- clings to surfaces allowing acid to penetrate and clean.
- FAST ACTING -- removes rust, lime, organic soil and uric acid stains
- DISINFECTANT -- hospital use broad spectrum kill on inanimate hard surfaces.
- DEODORIZER -- deodorizes as it cleans by removing odor causing microorganisms. Leaves a clean lemon/floral fragrance.
- COLOR SIGNAL -- dark green tracer for application; ice blue in the bowl.
- NON-FUMING -- does not produce strong irritating fumes.

Super-Qwik™ is BACTERICICAL -- killing Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella choleraesuis, Escherichia coli, Streptococcus faecalis, Klebsiella pneumoniae, Proteus vulgaris, Shigella dysenteriae. FUNGICIDAL -- killing Trichophyton mentagrophytes and Aspergillus niger. VIRUCIDAL -- killing Herpes Simplex II.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER

CORROSIVE: Keep Out of Reach of Children. May be fatal if swallowed. Do not breathe vapor or fumes. Produces chemical burns. Do not get in eyes, on skin, or on clothing. Causes eye and skin damage. Wear goggles or face shield and rubber gloves when handling. Use on acid resistant surfaces only.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician immediately. Drink a teaspoon or more of milk of magnesia or a cup of soapy water followed with milk or raw egg whites. EYE CONTACT: Wash with water for 15 minutes. Get prompt medical attention. SKIN CONTACT: Wipe off acid gently, flood surface with water using soap freely, then cover with moist magnesia or baking soda.

STORAGE AND DISPOSAL

Do not reuse empty container. Wrap empty container in plastic bag and discard in regular trash collection.
