NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 2(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 2(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for sale.

a. Add the phrase "EPA Registration No. 13215-2."

b. For the label size submitted, the STORAGE AND DISPOSAL heading and the Child Hazard Warning "KEEP OUT OF REACH OF CHILDREN" would require a 12 point type size minimum and the signal word DANGER (front panel only) would require an 18 point type size minimum.

c. The statement "FOR CALL REPAIR AND SERVICE BY MAINTENANCE PERSONNEL ONLY" must be at least the same type size as the "KEEP OUT OF REACH OF CHILDREN" statement (front panel).

d. Be assured that the signal word DANGER be placed directly below the statement "KEEP OUT OF REACH OF CHILDREN."

SIGNATURE OF APPROVING OFFICIAL

DATE

- e. Correct the spelling of the word: choleraesuis (right side panel-bottle box copy).
- f. The unqualified "virucidal" claim on the back panel-bottle box copy should be keyed by an asterisk to the specific virucidal claim for Herpes Simplex Type 2 on the right side panel-bottle copy.
- g. Add a Note to Physician to read:

Note to Physician

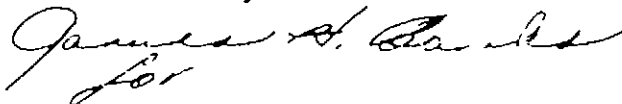

BEST AVAILABLE COPY

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

## DIRECTIONS FOR USE

FOR INSTITUTIONAL/INDUSTRIAL USE ONLY BY QUALIFIED SERVICEPERSONS.

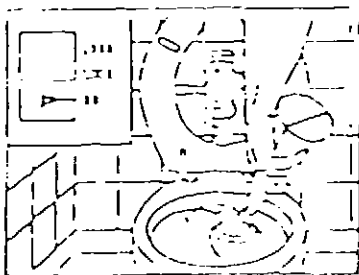

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Neutra-Qwik™ has been designed specifically for hospitals, nursing homes, schools, and other institutions where housekeeping is of prime importance. Neutra-Qwik™ deodorizes as it cleans, by removing odor causing microorganisms in urinals and toilet bowls. Efficacy tests have demonstrated that Neutra-Qwik™, used as directed, is a proven "one step" bactericide, virucide and fungicide (pathogenic fungi) in the presence of organic soil (5% blood serum). Preliminary cleaning is required for heavily soiled surfaces. Recommended only for use on hard, non-porous inanimate surfaces (toilet bowls and urinals) and is to be dispensed only out of the Sani-Qwik™ Cleaning Wand.

## TO DISINFECT, DEODORIZE AND CLEAN:

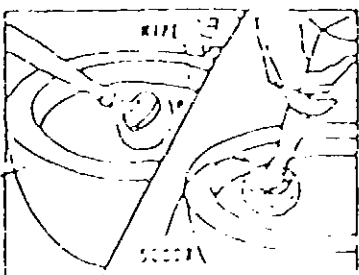

## 1. REMOVE WATER

Force water into bowl or urinal trap with the Sani-Qwik™ Bowl Cleaning Head.

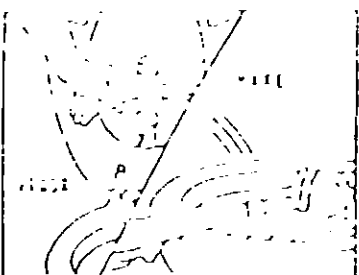

## 2. APPLY CLEANER

Slide TRIGGER STOP to the "ON" position. Squirt concentrated bowl cleaner under and around the rim--minimum of 3 squirts (1/5 ounce) for toilet bowls and urinals is required.

## 3. CLEAN

Wipe all surfaces with the swab portion of the head, so as to wet thoroughly. Scour with the scrub pad under the flush ring, or to remove stubborn stains.

## 4. WAIT

Allow to remain wet for 10 minutes. Flush. Rinse cleaning head in flush water. Drain head and shake off excess water. Repeat cleaning if necessary.

## 5. LOCK/STORE

Slide the TRIGGER STOP to the "LOCK" position. Place the cleaning wand in the storage caddy on your cleaning cart.

LIGHT-DUTY BOWL CLEANER

Use this Light-Duty Bowl Cleaner for DAILY CLEANING of toilet bowls and urinals. Dispensed from the Sani-Qwik™ Bowl Cleaning Wand, it cleans more toilets than a full quart of regular bowl cleaner.

\*SUPER CONCENTRATED -- cleans up to 37 toilet bowls.

\*COST EFFICIENT -- metered dispensing combined with super concentrated cleaner.

\*COATING ACTION -- clings to vertical surfaces to penetrate and remove soils.

\*FAST ACTING -- removes moderate amounts of organic soil, and uric acid stains.

\*DISINFECTANT -- hospital use broad spectrum kill on inanimate hard surfaces.

\*DEODORIZER -- deodorizes as it cleans by removing odor causing microorganisms. Emits a pleasant red apple fragrance.

Neutra-Qwik™ is BACTERICIDAL -- killing Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella chleracuis, Escherichia coli, Streptococcus faecalis, Klebsiella pneumoniae, Proteus vulgaris, Shigella dysenteriae. FUNGICIDAL -- killing Trichophyton mentagrophytes and Aspergillus niger. VIRUCIDAL -- killing Herpes Simplex Type 2 on hard inanimate non-porous environmental surfaces.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER

CORROSIVE: Keep Out of Reach of Children. Causes eye and skin damage. Do not get in eyes, skin or on clothing. Harmful if swallowed. Wear goggles or face shield and rubber gloves when handling.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician immediately. Drink a teaspoon or more of milk of magnesia or a cup of soapy water followed with milk or raw egg whites. EYE CONTACT: Wash with water for 15 minutes. Get prompt medical attention. SKIN CONTACT: Wipe off gently, flood surface with water using soap freely, then cover with moist magnesia or baking soda.

STORAGE AND DISPOSAL

Do not reuse empty container. Wrap empty container in plastic bag and discard in regular trash collection.
