NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

with section 401(7)(B) of the FIFRA subject to the following conditions.

(1) It is understood that you will submit and file all data required for registration or reregistration of your product with the EPA when the Agency requires such registration or reregistration of your product and data.

(2) You will submit five copies of your finished printed labels complying with the requirements or revisions specified in the attached label registration notices. You will submit such labels to the Agency when the product is placed in commerce as required by 27 CFR 2.21. Labels submitted in accordance with Section 6(e) of the FIFRA.

(3) Approval of the draft label is not a license for your product. You must file of the product to shipment before the expiration of the registration. If the conditions of your registration with the Agency will be subject to cancellation in accordance with Section 6(e) of the FIFRA.

EPA Registration No. 13215-3      Date Issued 9-7-84

Company Name Sani-Fresh International, Incorporated

Product Name Maxi-OWIK Concentrate Heavy Duty Bowl Cleaner

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. An edited copy of the proposed label is enclosed indicating the revisions which must be made to your label to satisfy our requirements.
2. The registration number which has been assigned to this product must appear on the label as EPA Reg. No. 13215-3.
3. The word POISON must be printed in red: traditionally most registrants satisfy this requirement by printing the word DANGER, the Skull and Crossbones symbol, and the word POISON in red.)
4. The labels which will be used for this product in channels of trade must reflect these revisions.
5. Five copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
6. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. If the label does not satisfy these requirements it will be rejected.

## DIRECTIONS FOR USE

FOR INSTITUTIONAL/INDUSTRIAL USE ONLY \*BY QUALIFIED SERVICEPERSONS.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Maxi-Qwik™ has been designed specifically for hospitals, nursing homes, schools, and other institutions where housekeeping is of prime importance. Maxi-Qwik™ deodorizes as it cleans by removing odor causing microorganisms in urinals and toilet bowls. Efficacy tests have demonstrated that Maxi-Qwik™, used as directed, is a proven "one step" bactericide, virucide and fungicide (pathogenic fungi) in the presence of organic soil (5% blood serum). Recommended only for use on hard, non-porous inanimate surfaces (toilet bowls and urinals) and is to be dispensed only out of the Qwik N' Safe™ Cleaning Wand.

### TO DISINFECT, DEODORIZE AND CLEAN:

**BEST AVAILABLE COPY**

#### 1. REMOVE WATER

Force water into the bowl or urinal trap with the Qwik N' Safe™ Bowl Cleaning Head.

#### 2. APPLY CLEANER

Slide TRIGGER STOP to the "ON" position. Squirt concentrated bowl cleaner under and around the rim--minimum of 3 squirts (1/5 ounce) for toilet bowls and urinals is required.

#### 3. CLEAN

Wipe all surfaces with the swab portion of the head, so as to wet thoroughly. Scour with the scrub pad under the flush ring, or to remove stubborn stains.

#### 4. WAIT

Allow to remain wet for 10 minutes. Flush. Rinse cleaning head in flush water. Drain head and shake off excess water. Repeat cleaning if necessary.

#### 5. LOCK/STORE

Slide the TRIGGER STOP to the "LOCK" position. Place the cleaning wand in the storage caddy on your cleaning cart.

MAXI-QWIK™  
CONCENTRATE

Heavy-Duty  
BOWL CLEANER

BEST AVAILABLE COPY

Specifically formulated for heavy soil removal in toilet bowls and urinals. Dispensed from the Qwik N' Safe™ Bowl Cleaning Wand, this 8 oz. container cleans more toilets than a full quart of regular bowl cleaner.

- SUPER CONCENTRATED -- cleans up to 37 toilet bowls.
- COST EFFICIENT -- metered dispensing combined with super concentrated cleaner.
- COATING ACTION -- clings to surfaces allowing acid to penetrate and clean.
- FASTEST ACTING -- removes rust, lime, organic soil and uric acid stains.
- DISINFECTANT -- hospital use broad spectrum kill on inanimate hard surfaces.
- DEODORIZER -- Deodorizes as it cleans by removing odor causing microorganisms. Emits a spicy mint fragrance.
- COLOR SIGNAL -- yellow tracer for application; aqua blue in the bowl.
- CORROSION INHIBITOR -- harmless to plumbing and septic tanks.

Maxi-Qwik™ is BACTERICIDAL -- killing Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella choleraesuis, Escherichia coli, Streptococcus faecalis, Klebsiella pneumoniae, Proteus vulgaris, Shigella dysenteriae. FUNGICIDAL - killing Trichophyton mentaeryetes and Aspergillus niger. VIRUCIDAL -- killing Herpes Simplex II.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER - POISON

**BEST AVAILABLE COPY**

**CORROSIVE:** Keep Out of Reach of Children. May be fatal if swallowed. Do not breathe vapors or fumes. Produces chemical burns. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling.

**IMPORTANT:** Contains hydrochloric acid. Do not mix with bleach.

STATEMENT OF PRACTICAL TREATMENT

In case of accidental contact or ingestion call a physician.

**EYE CONTACT:** Immediately flush with water for 15 minutes.

**IF SWALLOWED:** Drink milk, egg whites, gelatin solution or if these are not available, drink large quantities of water.

**SKIN CONTACT:** Wipe off acid gently, immediately flood surface with water, using soap freely, then cover with moist magnesia or baking soda.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

STORAGE AND DISPOSAL

Do not reuse empty container. Wrap empty container in plastic bag and discard in regular trash collection.
