Dear Mr. Beard:

Subject: Amendments- General label revision; change product name
Professional Pest Control
-PA Reg. No. 12083-4
Your application dated April 9, 1984

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. Increase the type size of the front panel signal word "CAUTION" to 14 point type.
2. Relocate the ingredients statement to the front (center) panel of the label. The necessary space can be made by relocating the company name and address to the left panel.
3. Delete the current first paragraph of the disposal instructions since this product is sold in small quantity only and does not involve application equipment. Instead, use the following for the first paragraph:
"Seal empty bag in new paper and place in trash collection."
4. Delete "spray mixture or reconstitute" since this product does not involve use of water or spray tanks.

Submit five (5) copies of your revised final printed labeling before you release the product for shipment with the amended labeling.

A stamped copy of the label is enclosed for your records. The registration file has been amended to reflect the change in product name to "Pest Out Control".

Sincerely,
[Signature]
