

RAINBOW WASP KILLER

A QUICK ACTING SURFACE SPRAY FOR OUTDOOR USE AND INDOORS IN AREAS WHERE FOOD IS NOT EXPOSED IN HOMES, MOTELS, HOTELS, INDUSTRIAL INSTITUTIONS AND COMMERCIAL BUILDINGS INCLUDING STORES, MANUFACTURING PLANTS, WAREHOUSES AND HOTELS AND NURSING HOMES (NON-PATIENT AREAS). ALSO FOR USE IN MANHOLES. KILLS RESISTANT ROACHES. ALSO KILLS SPIDERS (including Black Widow and Brown Recluse) AND WASPS.

RESIDUAL DEPOSIT REMAINS EFFECTIVE ON ROACHES UP TO TWO WEEKS. FAST KNOCK-DOWN! SPECIALLY FORMULATED FOR THE UTILITY INDUSTRY.

DIELECTRIC STRENGTH ELECTRODES
1/10" APART
NOT ARCING AT 36,400 VOLTS

ACTIVE INGREDIENTS:

| | |
|--|-----------------|
| *2-(1-methylethoxy)phenol methylcarbamate | 0.500% |
| Pyrethrins | 0.052% |
| **Piperonyl Butoxide, Technical | 0.262% |
| INERT INGREDIENTS | 99.186% |
| Total | 100.000% |

*U.S. Patent No. 3,111,539 (Propoxur)

**Equivalent to min. 0.210% (butylcarbityl) (6-propyl-piperonyl) ether and 0.052% related compounds.

Keep Out of Reach of Children

CAUTION

See back panel for additional precautionary statements.

EPA REG. NO. 13283-10
EPA Est. 11715-TN-1

Net Wt. 12 oz. (340 g)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR WASP, HORNET, YELLOW JACKET AND BEE (Including Africanized Honey Bees) CONTROL: Spray from upwind position, from a distance of 8-10 feet. Spray until nest is thoroughly covered and all emerging insects are contacted. To prevent insects from falling on skin and clothing, do not stand directly under nest.

FOR ANT AND FIRE ANT CONTROL (MOUND CONTROL): Install delivery tube on spray can. Begin spraying, then insert delivery tube into ant mound while maintaining spray delivery. Insert in several locations to maximum possible depths. Remove delivery tube, reinstall spray nozzle and spray external areas of the mound thoroughly.

FOR FORAGING ANT CONTROL: Use spray nozzle, spray directly on ants. Spray hills and runways. Repeat as necessary.

OTHER USES - OUTDOORS ONLY: For control of Clover Mites, Crickets, Earwigs, Fleas, Flies, Millipedes, Moths, Scorpions, Spiders (including Black Widow and Brown Recluse), Roaches and Brown Dog Ticks: Spray infested areas thoroughly, including outside surfaces of screen frames, doors, window frames, foundations, patios, or other places where insects may enter or congregate. Repeat treatment as necessary. Do not spray vegetation.

FOR CONTROL OF ROACHES, ANTS, WATERBUGS, SCORPIONS, SILVERFISH, SPIDERS (including Black Widow and Brown Recluse) AND CRICKETS - INDOORS: Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks and stoves. Spray other localized areas infested with these pests. Repeat treatment as required. Do not allow children to contact treated surfaces until surfaces are completely dry. Do not spray when or where food is exposed.

FOR CONTROL OF ROACHES AND SPIDERS, (including Black Widow and Brown Recluse) IN MANHOLES: Using spray nozzle, spray directly on pests or localized areas infested with these pests. Repeat treatment as necessary.

STORAGE: Store in original container in a cool, dry place inaccessible to children and pets. Temperature range 20°F to 130°F. **DISPOSAL:** Replace cap, wrap and put in trash collection. Do not incinerate or puncture.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should be avoided. Do not use as a space spray.

Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially processed or prepared. Do not use in serving areas while food is exposed.

Statement of Practical Treatment

If Inhaled: Remove person to ventilated area. Apply artificial respiration if necessary. Do not give anything by mouth to an unconscious person. If In Eyes: Flush eyes with plenty of water. Get medical attention if irritation persists. If On Skin: Remove contaminated clothing and wash affected areas with soap and water. Wash clothes before reuse. If Swallowed: Do not induce vomiting. Call a physician or poison control center immediately. Vomiting may cause aspiration pneumonia.

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
