UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, D.C. 20460

OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

July 21, 2010

Kim Davis RegWest Company, LLC 8203 West 20th Street, Suite A Greeley, CO 80634-4696

Dear Ms. Davis:

Subject:

Label Notification per Pesticide Registration Notices 98-10 and 2007-4

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notices (PRNs) 98-10 and 2007-4, dated July 7, 2010, for the product "Rainbow® Fire Ant Killer," EPA Registration Number 13283-14.

The Registration Division (RD) has conducted a review of this request for its applicability under PRNs 98-10 and 2007-4, and finds that the actions requested fall within the scope of PRNs 98-10 and 2007-4. The information submitted with the application has been stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PR Notice 98-10.

If you have any questions, please contact me directly at 703-308-8735 or email me at chao.julie@epa.gov.

Sincerely,

Julie A. Chao

Insecticide-Rodenticide Branch Registration Division (7505P)

NOTIFICATION

JUL 2 1 2010

Dear Ms. Eagle:

Subject: Rainbow Technology Corporation

Rainbow® Fire Ant Killer EPA Reg. No. 13283-14

On behalf of *Rainbow Technology Corporation*, RegWest Company, LLC is submitting the attached materials as a notification of label revision per PR Notices 98-10 and 2007-4. RegWest will act as sole agent in this endeavor.

Attached are the following:

- 1. Application for Pesticide: Notification
- 2. One Reference Label (illustrating the label revisions)
- 3. Two **New Labels** (incorporating the revisions)
- 4. Two market labels

In addition to the changes per PRN 2007-4, we are deleting the website address, adding an additional package size and equivalent application directions for a 50 lb. bag and other minor changes as allowed by PR Notice 98-10. Please refer to the *Reference Label* for an illustration of all revisions.

Please contact me at 970.353.0611 or kim@regwest.com if you have any questions or require additional information.

Regards,

RegWest Company, LLC

Kim Davis, Consultant/Agent

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is for sale to, use and storage only by utility industry and industrial service personnel.

For Use In and Around Telecommunications, Power, Utilities and Railroad Systems Equipment

For use in and around buried cables, cable television pedestals, cables, pad-mounted electric power transformers, telephone cables, underground vaults, telecommunications equipment (boxes, closures, interfaces, pedestals, protectors and terminals), power and utilities equipment (camera housings, control panels, emergency light systems, fire alarm systems and lights/alarms), and railroad systems equipment (breaker boxes, railroad signals, traffic control boxes and signals, and transformer pads). Do not open contents until ready for use.

Precautions: Do not apply this product in a way that will contact workers or other persons. Only protected handlers may be in the area during application. Do not enter or allow others to enter until dusts have settled.

(For product packaged in 4 oz. Mylar bags:)

Do not place product where it will interfere with moving parts of equipment. Due to various equipment sizes, the amount of product may change, however, 4 oz. per 1 sq. ft. is recommended. Use in interior and exterior areas at points of entry. Open Mylar plastic bag and pour entire contents (4 oz.) directly into and around equipment, buried closure or hole. Lock equipment or closure or set pole immediately to prevent access. One bag will treat up to 12" x 12" (1 sq. ft.).

{For product packaged in 2.1 lbs. shaker containers:}

Open the applicator dispenser lid two (2) notches and shake (broadcast left to right) the insecticide onto the ground, covering the area of the pad location, plus a two foot perimeter around the outside of the pad location. This container will cover up to a 33-sq. ft. area. Plastic barrier required for poured-in place pads. Prior to pouring concrete, cover insecticide-treated surface with plastic barrier.

{For product packaged in 6 lbs. shaker containers:}

Open the applicator dispenser lid two (2) notches and shake (broadcast left to right) the insecticide onto the ground, covering the area of the pad location, plus a two foot perimeter around the outside of the pad location. This container will cover up to a 100-sq. ft. area (an area 10' x 10'). Container holds the equivalent of 24, 4 oz. bags of Rainbow Fire Ant Killer. Plastic barrier required for poured-in place pads. Prior to pouring concrete, cover insecticide-treated surface with plastic barrier.

Pesticide Storage and Disposal

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in a clean, dry place. Protect container from rupture during storage and transport. If contents are spilled, sweep or scoop up material and place in another clean, dry container for reuse or disposal in accordance with this label. Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. Container Disposal: Non-refillable container; do not reuse or refill this container. {Mylar or other bags:} Completely empty bag. Then dispose of empty bag in a sanitary landfill or by incineration. Or if allowed the container of the property of the property of the property of the property landfill; or incineration.

{Batch Code/Lot Number will appear either on the label or the container per PR Notice 2007-4.}

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

WARNING: May be fatal if swallowed. Avoid contact with skin or on clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

13283-14 Reference Label: Page 3 of 8 12/28/2007 SAL+ 07/07/2010 Notification XXXXX = additions;

Personal Protective Equipment (PPE)

Loaders, applicators and all other handlers must wear:

- long-sleeved shirt and long pants;
- socks and shoes.

In addition to the above, loaders must wear:

- chemical-resistant gloves (such as or made out of any waterproof material);
- chemical-resistant apron;
- a NIOSH-approved dust mist filtering respirator with MSHA/NIOSH approval number prefix TC-21C or a NIOSH-approved respirator with any N, R, P or HE filter.

User Safety Requirements

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

Users should remove clothing/PPE immediately if pesticide gets inside; then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

First Aid This product contains chlorpyrifos, an organophosphate insecticide that inhibits cholinesterase.

If Swallowed:	Immediately call a poison control center or doctor for treatment advice.	
	Have person sip a glass of water if able to swallow.	
	Do not induce vomiting unless told to do so by a poison control center or doctor.	
	Do not give anything by mouth to an unconscious person.	
if Inhaled:	Move person to fresh air.	
	• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.	
	Call a poison control center or doctor for further treatment advice.	
If on Skin	Take off contaminated clothing.	
or Clothing:	Immediately rinse skin with plenty of water for 15-20 minutes.	
	Call a poison control center or doctor for treatment advice.	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [You		
may also contact	1.800.255.3924 for emergency medical treatment advice.]	
Note to Physician: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is antidotal.		

{Note: The first aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

Environmental Hazards

This pesticide is toxic to fish, aquatic invertebrates, small mammals and birds. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash water or rinsate. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

NOTICE: Seller makes no warranty, express or implied, concerning the use of this product other than indicated on this label. To the extent consistent with applicable law, Buyer assumes all risks of use and/or handling of this material when such use and/or handling is contrary to label instructions.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is for sale to, use and storage only by utility industry and industrial service personnel.

For Use In and Around Telecommunications, Power, Utilities and Railroad Systems Equipment

For use in and around buried cables, cable television pedestals, cables, pad-mounted electric power transformers, telephone cables, underground vaults, telecommunications equipment (boxes, closures, interfaces, pedestals, protectors and terminals), power and utilities equipment (camera housings, control panels, emergency light systems, fire alarm systems and lights/alarms), and railroad systems equipment (breaker boxes, railroad signals, traffic control boxes and signals, and transformer pads). Do not open contents until ready for use.

Precautions: Do not apply this product in a way that will contact workers or other persons. Only protected handlers may be in the area during application. Do not enter or allow others to enter until dusts have settled.

{For product packaged in 4 oz. Mylar bags:}

Do not place product where it will interfere with moving parts of equipment. Due to various equipment sizes, the amount of product may change, however, 4 oz. per 1 sq. ft. is recommended. Use in interior and exterior areas at points of entry. Open Mylar plastic bag and pour entire contents (4 oz.) directly into and around equipment, buried closure or hole. Lock equipment or closure or set pole immediately to prevent access. One bag will treat up to 12" x 12" (1 sq. ft.).

{For product packaged in 2.1 lbs. shaker containers:}

Open the applicator dispenser lid two (2) notches and shake (broadcast left to right) the insecticide onto the ground, covering the area of the pad location, plus a two foot perimeter around the outside of the pad location. This container will cover up to a 33-sq. ft. area. Plastic barrier required for poured-in place pads. Prior to pouring concrete, cover insecticide-treated surface with plastic barrier.

{For product packaged in 6 lbs. shaker containers:}

Open the applicator dispenser lid two (2) notches and shake (broadcast left to right) the insecticide onto the ground, covering the area of the pad location, plus a two foot perimeter around the outside of the pad location. This container will cover up to a 100 sq. ft. area (an area 10' x 10'). Container holds the equivalent of 24, 4 oz. bags of Rainbow Fire Ant Killer. Plastic barrier required for poured-in place pads. Prior to pouring concrete, cover insecticide-treated surface with plastic barrier.

{For product packaged in 50 lbs. bags:}

Open the bag at the corner and shake (broadcast left to right) the insecticide onto the ground, covering the area of the pad location, plus a two foot perimeter around the outside of the pad location. This bag will cover up to a 880 sq. ft. area (an area 32' x 25'). Plastic barrier required for poured-in place pads. Prior to pouring concrete, cover insecticide-treated surface with plastic barrier.

Pesticide Storage and Disposal

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in a clean, dry place. Protect container from rupture during storage and transport. If contents are spilled, sweep or scoop up material and place in another clean, dry container for reuse or disposal in accordance with this label. Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. Container Disposal: Non-refillable container; do not reuse or refill this container. (Mylar or other bags:) Completely empty bag. Then dispose of empty bag in a sanitary landfill or by incineration. Or if allowed by sale and local authorities, by burning, if burned, say out of sale and local authorities, by burning; if burned, say out of sale and local authorities, by burning; if burned say out of sale and local authorities, by burning; if burned say out of sale and local authorities, by burning; if burned say out of sale and local authorities are protected and local authorities.
