

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: To maximize the shelf life of this product, store in dry area where the bag is not likely to come in contact with moisture. Do not store near fertilizers, seeds, insecticides or fungicides. **DISPOSAL:** Do not reuse empty bag. Wrap bag in several layers of newspaper and discard in trash.

**NON-CROP WEED CONTROL
Industrial Use Only**

This product is a non-selective herbicide for controlling a wide range of annual and perennial weeds and grasses. It is recommended only for non-cropland areas such as industrial areas. 150 to 400 pound applications of this product per acre usually result in a non-productive condition of the soil for a period of a year or more. The duration of non-productivity is dependent upon rainfall, soil type and other conditions.

This product should be applied as furnished or with a seed spreader, a fertilizer spreader, a shaker type applicator, or with any equipment which will distribute the chemical uniformly over the area to be treated. Application equipment is available from Rainbow Technology Corporation.

For the control of annual and most perennial weeds and grasses, apply this product at the rate of 150 to 400 pounds per acre; on small plots, 0.35 to 1 pound per 100 square feet. Repeat spot treatment may be required when deep rooted perennial weeds are present. To obtain the best results, this product should be applied to the ground where it will be absorbed by the roots. Applications made early in the season have been found to give results superior to applications at a later seasonal date. This product may, however, be applied at any time of the year. Maximum effectiveness in arid regions is obtained when application is made just prior to the rainy season.

Important

Do not apply on or near valuable woody or herbaceous plants or on areas where their roots may extend, because of possible injury to such plants. Thoroughly clean spreading equipment with a suitable chemical cleaner before using for other purposes (or do not use same spreading equipment for other purposes). Do not contaminate irrigation ditches or water used for domestic purposes. Do not use on cropland or any land to be used for subsequent cropping. Keep animals off treated areas.

ACTIVE INGREDIENTS:

Tebuthiuron: N-(5-(1, 1-dimethylethyl)-1, 3, 4-thiadiazol-2-yl)-N, N'-dimethylurea	2%
Diuron [3-(3, 4-dichlorophenyl)-1, 1-dimethylurea]	8%
INERT INGREDIENTS	92%
TOTAL	100%

**PRECAUTIONARY STATEMENTS
Hazards to Humans &
Domestic Animals**

CAUTION: May cause irritation of eyes, nose, throat and skin. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly after handling.

Statement of Practical Treatment

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

Environmental Hazards

Do not apply directly to any body of water. Do not contaminate water by cleaning of equipment or disposal of waste.

Conditions of Sale

1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for use as directed on the label. No one other than officer of Seller is authorized to make any warranty, guarantee or direction concerning this product.

2. Because the time, place, rate of application and other conditions of use are beyond Seller's control, Seller's liability from handling, storage and use of this product is limited to replacement of product or refund of purchase price.
