DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is for sale to, use and storage only by utility and commercial or industrial service personnel.

For Use In and Around Telecommunications, Power, Utilities and Railroad Systems Equipment

For use in and around buried cables, cable television pedestals, cables, pad-mounted air conditioning units, pad-mounted electric power transformers, telephone cables, underground vaults, telecommunications equipment (boxes, closures, interfaces, pedestals, protectors and terminals), power and utilities equipment (camera housings, control panels, emergency light systems, fire alarm systems and lights/alarms) and railroad systems equipment (breaker boxes, railroad signals, traffic control boxes and signals, and transformer pads).

Rainbow Insect Tag is a self-contained, continuous release insecticide. It kills and controls Africanized honey bees, ants, bees, crickets, earwigs, fire ants, fleas, hornets, millipedes, roaches, scorpions, silverfish, sowbugs, spiders (including Black Widow and Brown Recluse), ticks, wasps, waterbugs and yellowjackets. It repels fire ants and cockroaches from enclosed utility equipment. Repels continuously.

Do not open until ready to use. Open outer package (do not remove tag from holder), secure tag(s) with ties. Due to various equipment sizes, the amount of product may vary, however not more than two tags per three cubic feet is recommended. Use in interior areas at points of entry. Do not place product where it will interfere with moving parts of equipment. Do not place tag on outside of equipment or in exposed locations where direct contact with children, pets, food or clothing is likely to occur. To maintain control, monitor effectiveness and replace tag(s) when effectiveness diminishes. For wasps, bees, Africanized honey bees and yellowjackets inside closures, flush out insects with an EPA-registered product before placement inside equipment.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Store unopened in a cool, dry place inaccessible to children and pets. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Disposal:** Dispose of used tags and container in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned stay out of smoke.
