UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

OFFICE OF
PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

July 22, 2010

Ms. Kim Davis
Rainbow Technology Corporation
c/o RegWest Company, LLC
8203 West 20th St., Suite A
Greeley, CO 80634

Subject: Label Notification(s) for Pesticide Registration Notice 2007-4
and 2008-1

Dear Ms. Davis:

The Agency is in receipt of your Application(s) for Pesticide Notification under
Pesticide Registration Notice PRN 2007-4 and 2008-1 dated May 27, 2010 for the following product(s):

Rainbow DM Fire Ant Killer II	EPA Reg. No. 13283-27
Rainbow Tetraperm Multibug Killer	EPA Reg. No. 13283-28

The Registration Division (RD) has conducted a review of this request for applicability under
PRN 2007-4 and 2008-1 and finds that the label change(s) requested falls within the scope of PRN 98-
10. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or
other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable
containers. The code may appear either on the label (and can be added by non-notification/PR Notice
98-10) or durably marked on the container itself.

If you have any questions, please contact Regina Foushee'-Smith at 703-605-0780.

Sincerely,

Richard J. Gebken
Product Manager
Insecticide Branch
Registration Division (7505P)

Explanation: Use additional page(s) if necessary. (For Section I and Section II.)

Submit Non-PRIA Label Revision Notification per PR Notices 2007-4 and 2008-1.

This notification is consistent with the provisions of PR Notices 2007-4 and 2008-1 and EPA regulations at 40 CFR § 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to the EPA. I further understand that if this notification is not consistent with the terms of PR Notices 2007-4 and 2008-1 and 40 CFR § 152.46 this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Dear Mr. Gebken:

Subject: Rainbow Technology Corporation
Rainbow® Tetraperm® Multibug Killer
EPA Reg. No. 13283-28

On behalf of **Rainbow Technology Corporation**, RegWest Company, LLC is submitting the attached documents in response to PR Notices 2007-4 and 2008-1. RegWest Company will act as sole agent in this endeavor.

In addition to the PR Notices changes, we are deleting the web address and adding the Rainbow Technology Corporation logo. Please refer to the *Reference Label* for an illustration of all revisions.

Please contact me at 970.353.0611 or kim@regwest.com if you have any questions or comments concerning this submission.

Regards,
RegWest Company, LLC

Kim Davis,
Consultant/Agent

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

Areas for Application: Specially formulated for use in and around Telephone, Power, Cable, Electronics and Utility Equipment and Industries. [Also used for Homes and Non-Food Areas of Motels, Hotels, Industrial, Institutional and Commercial Buildings including Stores, Manufacturing Plants, Warehouses and Hospitals (non-patient areas).

Prohibitions: Do not use in commercial food/feed handling establishments, restaurants or other sites where food/feed is commercially prepared, processed or served. When used indoors in the home, cover all food handling surfaces and cover or remove all food and cooking utensils or thoroughly wash after treatment. Cover or remove exposed food. Do not apply this product to or near children's toys. Do not apply this pesticide when classrooms are in use. Do not use in rooms/areas while occupied by patients, the elderly or infirm. Not for use in Federally-inspected meat and poultry plants.]

OUTDOORS

Before spraying insects or nest, give the can a short burst away from the nest to ensure proper pressure.

For Wasp and Hornet Control: (1) Spray from an upwind position. (2) Hold can in an upright position with nozzle end pointed toward nest while standing 6 to 12 feet away. (3) Begin spraying nest and as many flying insects as possible. (4) Thoroughly spray nest. (5) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active.

For Yellow Jacket and Bee (including Killer Bee) Control: (1) Spray in a sweeping motion on external insects flying around the opening of the nest. (2) Move forward to the nest opening and spray directly into the nest hole. (3) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active. (4) For large nests, more than one can may be necessary.

For Ant Mounds: (1) Spray the entire perimeter of the ant mound. (2) Directly spray the mound and break up the mound with a stick. (3) Spray all active ants until no activity is seen. (4) For large mounds more than one can may be necessary. **If Ant Probe is Used:** (1) Install the probe on spray can. (2) Spray the entire perimeter of the ant mound. (3) Using the Ant Probe break up the mound, exposing active ants. (4) Holding the probe about 2 inches from the active ants, spray surface ants. (5) Begin spraying and penetrate mound while pushing probe downward as far as possible. Continue spraying while removing probe. (6) Repeat as required by mound size.

For Foraging Ant Control: Spray directly on ants, anthills and runways. Repeat as reinfestation warrants.

For Clover Mites, Cockroaches (including Asian cockroaches), Crickets, Centipedes, Earwigs, Fleas, Millipedes, Moths, Scorpions, Silverfish, Spiders, Ticks (Brown Dog and Lone Star) and Waterbugs Control: Thoroughly spray infested areas including outside surfaces of screen frames, doors, window frames, foundations, patios or other places where insects may enter or congregate. For **Fleas** and **Ticks**, spray weeds and bushy non-crop vegetation. Do NOT spray pets or desirable vegetation.

For Control of Roaches and Spiders in Manholes: Using spray nozzle, spray directly on pests or localized areas infested with these pests. Repeat treatment as reinfestation warrants.

INDOORS

For Control of Ants, Boxelder Bugs, Centipedes, Crickets, Cockroaches (including adult and immature stages of non-resistant and organophosphate and carbamate resistant strains), Dermestids, Fleas, Firebrats, Fleas, Palmetto Bugs, Scorpions, Silverfish, Sowbugs, Spiders, Ticks and Waterbugs: Apply thoroughly to all areas where these pests crawl and hide, especially in cracks and crevices, and hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases and similar areas. Spray until surface is just damp, but not to the point of runoff. Avoid excess application. Spray pests directly when driven out into open. Repeat as reinfestation warrants.

For Ants: Spray freely around ant trails, doors and windows and other places where ants enter premises. Spray around nests hidden under steps, brickwork, concrete, etc. Break apart accessible nests and spray freely on and around debris. Repeat as reinfestation warrants.

For Carpenter Ants: For effective control, locate and treat nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings.

For Brown Dog Ticks and Fleas in Buildings: Apply in infested areas such as pet beds and resting quarters, nearby cracks and crevices, under the edges of rugs and floor coverings, between and under cushions of upholstered furniture and other areas where these pests may be present. Old bedding of pets should be removed and replaced with clean fresh bedding after treatment of pet areas. Do not use directly on pets.

For Spiders: Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and other areas over which these pests may crawl.

For Centipedes, Earwigs, Ground Beetles, Millipedes, Mole Crickets, Pillbugs, Sowbugs, Scorpions and Ticks: Apply around doors and windows and other places where these pests may enter premises. Treat baseboards, storage areas and other locations where these pests are found.

For Pantry Pests: Chocolate Moths, Cigarette Beetles, Clover Mites, Cluster Flies, Drugstore Beetles, Elmleaf Beetles, Flour Beetles (Red and Confused), Grain Beetles (Rusty, Merchant and Saw-toothed), Lesser Grain Borers, Rice Weevils, Spider Beetles and Tobacco Moths: Treat exposed stages. Remove all foodstuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacement of shelf paper, food and utensils.

For Carpet Beetles (Black, Furniture and Varied): Spray on and under edges of floor coverings, under rugs and furniture and in closets or other localities where these insects are found.

For Webbing Clothes Moths: Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This is an adjunct treatment and will not control moth larvae already on clothes. Do not apply to clothing.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry area inaccessible to children and away from heat or open flame. **Pesticide Disposal:** Wastes resulting from the use of this pesticide may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Non-refillable container; do not reuse or refill this container. Do Not Puncture or Incinerate! This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling empty the can by using the product according to the label. If recycling is not available, replace cap and put in trash.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

First Aid

If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If Inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. • Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. [You may also contact 1-800-255-3924 for emergency medical treatment information.]

Note to Physician: Contains petroleum distillate – vomiting may cause aspiration pneumonia.

{Note: The first aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

717

Physical or Chemical Hazards

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. **Contact with roof shingles may cause discoloration or other unwanted effects.**

Environmental Hazards

This product is toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain do not blow or wash pesticide away from the treatment area.

Notice of Warranty: Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on such label only when used in accordance with the Directions under normal use conditions. To the extent not prohibited by applicable law: a) Rainbow shall not be liable for consequential or special damages resulting from the use or handling of this product b) the buyer/user assumes all such risks; and c) Rainbow makes no warranties of **merchantability or fitness for a particular purpose** or any other express or implied warranty except as stated above.
