Greeley, CO 80634

Subject: PRIA Label Amendment – Addition of Argentine Ants, Arizona Bark Scorpions, Black Widow Spiders, Brown Recluse Spiders, House Crickets, House Spiders, Odorous House Ants, and Red Imported Fire Ants and efficacy claims.  
Product Name: Rainbow<sup>®</sup> ETOC<sup>®</sup> 0.122% Wasp & Hornet Spray  
EPA Registration Number: 13283-31  
Application Date: July 25, 2014  
Decision Number: 493586

Dear Ms. Davis:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2  
EPA Reg. No. 13283-31  
Decision No. 493586

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Jennifer Gaines at 703-305-5967 or via email at [gaines.jennifer@epa.gov](mailto:gaines.jennifer@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read 'Kable Bo Davis', enclosed within a hand-drawn oval.

{4 ounces through 1 pound}

### First Aid

<b>If Swallowed</b>	<ul style="list-style-type: none"> <li>• Immediately call a poison control center or doctor.</li> <li>• Do not induce vomiting unless told to do so by the poison control center or doctor.</li> <li>• Do not give <b>any</b> liquid to the person</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>
<b>If on Skin or Clothing</b>	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Immediately rinse skin with plenty of water for 15-20 minutes.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
Have the product container or label with you when calling a poison control center or doctor or going for treatment. [You may also contact 1-800-255-3924 for emergency medical treatment information.]	
<b>Note to Physician:</b> Contains petroleum distillate – vomiting may cause aspiration pneumonia.	

{Note: The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

### PRECAUTIONARY STATEMENTS

#### Hazards to Humans & Domestic Animals

**CAUTION:** Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes or clothing. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated contact may cause allergic reactions in some individuals.

### Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

### Environmental Hazards

This pesticide is highly toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain do not blow or wash pesticide away from the treatment area.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Shake Well Before Use.** Thoroughly spray visible pests and infested areas. Before spraying insects or nests, give the can a short burst away from the nest to ensure proper pressure. Use caution when spraying flying insects. Contact with roof shingles may cause discoloration or other unwanted effects.

**Areas for Application:** Formulated for use in and around Telephone, Power, Cable, Electronics and Utility Equipment and Industries. Also for use on nests in/on Homes, Motels, Hotels and Non-Food Areas of Industrial, Institutional and Commercial Buildings including Stores, Manufacturing Plants, Warehouses and Hospitals (non-patient areas). Non-food/feed areas where this product may be applied are areas such as garbage rooms, lavatories, floor drains (to sewers), offices, locker rooms, machine rooms, boiler rooms, garages, closets and storage areas (after canning or bottling). When used in the home, cover all food processing surfaces and utensils during treatment or thoroughly wash before use. Cover or remove exposed food.

**Restrictions:** Do not use as a space spray. Do not contaminate feed and foodstuffs. Do not use in edible product areas of food/feed processing plants, restaurants or other areas where food/feed is commercially processed or prepared. Do not use in serving areas while food is exposed. Do not apply this product in a manner that will contact or expose occupants. Only applicators may be in the area during application.

**For Fire Ant Mounds:** (1) Spray the entire perimeter of the mound. (2) Directly spray the mound and break up the mound with a stick. (3) Spray all active fire ants until no activity is seen. (4) For large mounds, more than one can may be necessary. **If Probe is Used:** (1) Install the probe on spray can. (2) Spray the entire perimeter of the mound. (3) Using the probe, break up the mound exposing active fire ants. (4) Holding the probe about 2 inches from the active fire ants, spray surface fire ants. (5) Begin spraying and penetrate mound while pushing probe downward as far as possible. Continue spraying while removing probe. (6) Repeat as required by mound size.

**For Foraging Fire and Argentine Ant Control:** Spray directly on ants. Spray ant hills and runways. Repeat as necessary.

**For Wasp & Hornet Control:** (1) Spray from an upwind position. (2) Hold can in an upright position with nozzle end pointed toward nest while standing 6 to 12 feet away. (3) Begin spraying nest and as many flying insects as possible. (4) Thoroughly spray nest. (5) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active.

**For Yellow Jacket & Bee Control:** (1) Spray in a sweeping motion on external insects flying around the opening of the nest. (2) Move forward to the nest opening and spray directly into the nest hole. (3) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active. (4) For large nests more than one can may be necessary.

**For Outdoor Brown Dog Tick, Cockroach, Cricket, Fly, Flea, Scorpion and Spider (including Black Widow and Brown Recluse) Control:** Thoroughly spray infested areas including outside surfaces of screen frames, doors, window frames, foundations, patios or other places where insects may congregate or enter premises. For **Fleas and Brown Dog Ticks**, spray weeds and bushy non-crop vegetation. Do NOT spray pets or desirable vegetation. Optimal flea and tick control will be achieved if pets and yards are simultaneously treated with flea and tick control products registered for pet and yard uses.

### Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from heat or open flame. **Pesticide Disposal:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility. **Container Handling:** Non-refillable container; do not reuse or refill this container. Do not puncture or incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

*{Per PR Notice 2007-4 the batch code / lot number will appear on the label or container.}*

**Notice of Warranty:** Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on such label only when used in accordance with the directions under normal use conditions. To the extent not prohibited by applicable law: a) Rainbow shall not be liable for consequential or special damages resulting from the use or handling of this product; and b) All such risks shall be assumed by the buyer. Rainbow makes no warranties of **Merchantability or Fitness for a Particular Purpose** or any other express or implied warranty except as stated above.
