PRECAUTIONARY STATEMENTS Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes or clothing. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated contact may cause allergic reactions in some individuals.

First Aid

If Swallowed	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give any liquid to the person • Do not give anything by mouth to an unconscious person.
If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. [You may also contact 1-800-637-6047 for emergency medical treatment information.]	
Note to Physician: Contains petroleum distillate – vomiting may cause aspiration pneumonia.	

{Note: The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Environmental Hazards

This pesticide is highly toxic to fish. Do not apply directly to water. Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake Well Before Use. Do not use as a space spray. Do not apply this product in a manner that will contact or expose occupants. Only applicators may be in the area during application. Do not contaminate feed and foodstuffs.

Before spraying insects or nests, give the can a short burst away from the nest to ensure proper pressure. Contact with roof shingles may cause discoloration or other unwanted effects.

Areas for Application: For use on nests in/on Homes, Motels, Hotels and Non-Food Areas of Industrial, Institutional and Commercial Buildings including Stores, Manufacturing Plants, Warehouses and Hospitals (non-patient areas). Non-food/feed areas where this product may be applied are areas such as garbage rooms, lavatories, floor drains (to sewers), offices, locker rooms, machine rooms, boiler rooms, garages, closets and storage areas (after canning or bottling). When used in the home, cover all food processing surfaces and utensils during treatment or thoroughly wash before use. Cover or remove exposed food.

For Wasp & Hornet Control: (1) Spray from an upwind position. (2) Hold can in an upright position with nozzle end pointed toward nest while standing 6 to 12 feet away. (3) Begin spraying nest and as many flying insects as possible. (4) Thoroughly spray nest. (5) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active.

For Yellow Jacket & Bee Control: (1) Spray in a sweeping motion on external insects flying around the opening of the nest. (2) Move forward to the nest opening and spray directly into the nest hole. (3) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active. (4) For large nests more than one can may be necessary.

For Outdoor Cockroach, Fly, Flea and Brown Dog Tick Control: Thoroughly spray infested areas including outside surfaces of screen frames, doors, window frames, foundations, patios or other places where insects may congregate or enter premises. Reapply as reinfestation and environmental conditions warrant. Optimal flea and tick control will be achieved if pets and yards are simultaneously treated with flea and tick control products registered for pet and yard uses.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from heat or open flame. **Disposal:** Do not puncture or incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
