Subject: Label Notification(s) for Pesticide Registration 98-10, PR Notice 2007-4, and 2008-1

Dear Ms. Davis:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4, and 2008-1 dated May 28, 2010 for

#### EPA Registration Number: 13283-35 Rainbow® ETOC® 0.186% Wasp & Hornet Spray

The Registration Division (RD) has conducted a review of this request for applicability Under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please re reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Melody Banks on 703 305-5413.

Sincerely,

Richard Gebken Product Manager Insecticide Branch Registration Division (7504P)
