Net Contents: _____ oz. (gallons) [____ L]
(8 ounces through 2½ gallons)

(Back Panels)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USE.

Two Way Sprayer: Turn nozzle to **stream** for crack and crevice applications. Turn nozzle to **spray** for surface applications or to kill flying insects.

Areas for Application: Specially formulated for use in and around Telephone, Power, Cable, Electronics and Utility Equipment and Industries. Also used for Homes, Motels, Hotels and Non-Food Areas of Industrial, Institutional and Commercial Buildings including Stores, Manufacturing Plants, Warehouses and Hospitals (non-patient areas).

Restrictions: Do not use as a space spray. Avoid contamination of feed and foodstuffs. Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially processed or prepared. Do not use in serving areas while food is exposed.

For Wasp & Hornet Control: (1) Spray from an upwind position. (2) Standing 6 to 12 feet from the nest, thoroughly spray next and as many flying insects as possible. (3) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active.

For Yellow Jacket & Bee Control: (1) Spray in a sweeping motion on external flying insects around the opening of the nest. (2) Move forward to the nest opening and spray directly into the nest hole. (3) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active.

For Ant & Fire Ant Mounds: (1) Spray the entire perimeter of the ant mound. (2) Directly spray the mound and break up the mound with a stick. (3) Spray all active ants until no activity is seen. (4) Repeat as required by mound size.
{Alternate Use Directions:} (1) Remove cap from container and punch a hole in the seal. (2) Replace cap and flip top open to dispense liquid. (3) Start application by pouring a circle around the mound and then crisscross the circle until mound is saturated or until ant activity has slowed or ceased. (4) Securely close cap and store in upright position.

For Foraging Ant Control: Spray directly on ants. Spray ant hills and runways. Repeat as necessary.

For Outdoor Spiders (including Black Widow and Brown Recluse), Cockroaches, Waterbugs, Silverfish, Crickets, Flies, Mosquitoes, Moths, Fleas, Brown Dog Ticks, Earwigs, Scorpions, Clover Mites and Millipede Control: Thoroughly spray infested areas including outside surfaces of screen frames, doors, window frames, foundations, patios or other places where insects may enter or congregate. For **Fleas and Brown Dog Ticks**, spray weeds and bushy non-crop vegetation. Do NOT spray pets or desirable vegetation.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry area (inaccessible to children) away from heat or open flame. **Disposal: If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes or clothing. Thoroughly wash with soap and water after handling.

First Aid
