

ONE UNIT TREATS 10 SQUARE FEET OF SOIL

**Directions:**

Before application:

- Remove paper disc from inside shaker cap, save this
- Remove existing weeds
- Thoroughly work and smooth the areas to be treated
- Carefully measure area to be treated and determine the number of square feet
- If area to be treated is large, it should be divided into smaller sections, and each treated individually
- Invert the container and mark the level of CASORON Granules

**Application and rate**

- Shake CASORON Granules uniformly on the soil at the rate of 1 unit (0.75 ounce) for each 10 sq. ft. to be treated (unit scale on side of container). 20 oz. treats 270 sq. ft. For circular areas around individual shrubs or trees apply the amount of CASORON indicated in the following table

Diameter of Circle	Units of CASORON Granules
2 feet	0.3
3 feet	0.7
4 feet	1.2
5 feet	2.0
6 feet	2.8

- Rates higher than those indicated may cause injury
- More accurate and uniform application can be obtained by applying one-half of the required material over the entire treatment area and repeating the application with the remaining material
- CASORON should not be used on sloping areas, as run-off may result in injury to lawn or other plants in adjacent areas

- As a guide for the proper application rate and uniformity of distribution of the granules consult the diagram at right

**After application**

- Unless the soil is wet, sprinkle lightly to moisten the soil 1/4 to 1/2 inch deep. Do not flood, avoid puddling and washing.
- Avoid disturbing soil in the treated area as long as weed control is being maintained.
- After use replace paper disc inside shaker cap, keep tightly closed.

### PRECAUTIONS

Use only on the ornamental plants listed on the label. Do not apply to transplant or cutting beds or to newly set transplants, and do not seed or transplant into treated areas. Do not use on extremely light sandy soils. Do not use on plants, any part of which is used for human or animal consumption. Keep container tightly closed while in storage.

### CAUTION

Harmful if swallowed. Do not breathe dust. Do not allow contact with eyes or skin. Use with caution. Avoid contamination of feed and food stuffs. Do not reuse this container. Destroy when empty.

### NOTICE

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
