

OZAN PLUS is a germicide with an organic soil tolerance. Its disinfecting action has been verified in the AOAC Use-Dilution Test against *Staphylococcus aureus*, *Salmonella choleraesuis* and *Pseudomonas aeruginosa* in the presence of 5% blood serum as a source of organic matter. This means that one-step disinfection and cleaning can be achieved when used as directed.

Cross-contamination is of major housekeeping concern not only in hospitals, but in schools, institutions and industry. **OZAN PLUS** is formulated for this problem area. It cleans, disinfects and is virucidal when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-contamination.

OZAN PLUS is virucidal against Herpes Simplex (a member of the Herpes viruses that cause chicken pox, severe brain infections, and infectious mononucleosis), Vaccinia (representative of the pox viruses) and Influenza A (the Hong Kong flu virus) on inanimate environmental surfaces.

Precautionary Statements:

Hazards to Humans and domestic animals.

DANGER

Keep out of reach of children. Corrosive

Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed or absorbed through the skin. Avoid contamination of food.

STORAGE AND DISPOSAL

- DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.
- OPEN DUMPING IS PROHIBITED.
- DO NOT REUSE EMPTY CONTAINER.

PESTICIDE DISPOSAL — PESTICIDE THAT CANNOT BE USED OR CHEMICALLY REPROCESSED SHOULD BE DISPOSED OF IN A LANDFILL APPROVED FOR PESTICIDES OR BURIED IN A SAFE PLACE AWAY FROM WATER SUPPLIES.

CONTAINER DISPOSAL — DISPOSE OF IN AN INCINERATOR OR LANDFILL APPROVED FOR PESTICIDE CONTAINERS. BURY IN A SAFE PLACE OR RETURN TO DRUM RECONDITIONER.

GENERAL — CONSULT FEDERAL, STATE OR LOCAL DISPOSAL AUTHORITIES FOR APPROVED ALTERNATIVE PROCEDURES SUCH AS LIMITED OPEN BURNING.

HEAVY DUTY GERMICIDE WITH ORGANIC SOIL TOLERANCE

Cleaner - Disinfectant - Deodorizer - Fungicide -
Virucide* - Sanitizer
for Hospital and Institutional Use

Active Ingredients	
Octyl Decyl Dimethyl Ammonium Chloride	4.50
Dioctyl Dimethyl Ammonium Chloride	2.25
Didecyl Dimethyl Ammonium Chloride	2.25
Tetrasodium Ethylenediamine Tetraacetate	2.28
Inert Ingredients	
	88.72
	100.00

KEEP OUT OF REACH OF CHILDREN DANGER

Statement of Practical Treatment

When used as directed, **OZAN PLUS** will kill or inhibit the growth of bacteria, fungi, and viruses on hard surfaces. It is effective against *Staphylococcus aureus*, *Salmonella choleraesuis*, and *Pseudomonas aeruginosa*. It is also effective against the Herpes Simplex virus, Vaccinia virus, and Influenza A virus. It is safe for use on most hard surfaces, including walls, floors, and furniture.

NOTE TO PHYSICIAN: **OZAN PLUS** is a virucide and should be used in the treatment of viral infections. It is safe for use on most hard surfaces, including walls, floors, and furniture.

Directions for Use GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

OZAN PLUS is a proven one-step cleaner-disinfectant-sanitizer-fungicide-virucide in the presence of moderate amounts of organic soil when used as directed.

Apply **OZAN PLUS** to walls, floors and other hard (inanimate) non-porous surfaces such as tables, chairs, countertops, sinks and bedframes with a cloth, mop or mechanical spray device so as to thoroughly wet surfaces. For heavily soiled areas, a preliminary cleaning is required. Prepare a fresh solution daily or when use solution becomes visibly dirty.

Disinfection — For routine disinfection of hard non-porous surfaces, add 1 oz. per gallon of water. Treated surfaces must remain wet for 10 minutes. At this use-level **OZAN PLUS** is also virucidal and fungicidal. When encountering organic soil in hospitals, nursing homes, schools, institutional and industrial uses, add 2 oz. per gallon of water.

Sanitizing — To sanitize porous or non-porous, non-food contact surfaces add 1 oz. per gallon of water. Treated surfaces must remain wet for 60 seconds.

For hospitals, nursing homes, schools, institutions and industry, add 1 oz. per gallon of water. The broad spectrum activity of **OZAN PLUS** has been evaluated in the presence of 5% serum and found to be effective against the following organisms by the AOAC Use-Dilution test:

Pseudomonas aeruginosa
Staphylococcus aureus
Salmonella choleraesuis

AOAC Fungicidal Test

OZAN PLUS is an effective fungicide against *Trichophyton mentagrophytes* (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities, etc.

Virucidal Performance

*At 10 oz. per gallon use level, **OZAN PLUS** was evaluated in the presence of 10% serum and found to be effective against the following viruses: Herpes Simplex (a member of the virus family that causes infectious mononucleosis), Vaccinia (representative of the pox viruses) and Influenza A (as represented by the strain commonly called the Hong Kong Flu) on inanimate environmental surfaces.

Sanitizing Non Food Contact Surfaces (such as walls, floors, tables, etc.) At 1 oz. per gallon use level, **OZAN PLUS** is an effective sanitizer in waters of up to 400 ppm hardness against *Staphylococcus aureus* and *Klebsiella pneumoniae* in the presence of 5% serum on hard porous and non-porous environmental surfaces.
