

Lang's SP-80 is a powerful algaecide that kills algae and prevents its return. It is safe for your pool and its equipment.

Lang's SP-80 is a powerful algaecide that kills algae and prevents its return. It is safe for your pool and its equipment.

- Adding algaecide will not reduce the effectiveness of Lang's SP-80
- Will not replace the need for chlorine for proper pH and sanitization, but does relieve the need for excessive quantities of chlorine to combat algae.
- Non-corrosive to pool filters, heaters, piping and fittings.

SP-80

Do not use on plants or grass as Lang's SP-80 and other pool additives could cause damage.

ACTIVE INGREDIENT:
Simazine (2-Chloro-4,6-bis(ethylamino)-s-triazine) . . . 80
