

DIRECTIONS FOR USE

Shake Well Before Using

INDOORS: Spray Four Paws Dog and Cat Repellant lightly on articles of furniture, on rugs and in restricted areas so that the area or object is slightly moistened. This will break your pet of the undesirable habit of utilizing the furniture and rugs. Test the effect of this product by first treating a small inconspicuous area before spraying extensive areas of rugs, fabrics or plastics. To avoid possible damage, spray a piece of cloth lightly and place it on the object or area to be protected until the undesirable habit is broken. Repeat daily or as necessary.

OUTDOORS: Spray the edges of flower beds, trunks of trees, the bases of shrubbery or evergreen, patches of lawn, etc., lightly every day with this product to prevent your pet, or stray animals from soiling the area. Stray animals are frequently attracted to areas where urine or feces have been deposited. First clear any droppings, then spray the area with Four Paws Dog and Cat Repellant. Continue as often as necessary until undesirable habits of your pet or stray animals are changed.

Do not apply directly to foliage of shrubs or to ornamental, soft bodied plants.

CAUTION: KEEP OUT OF REACH OF CHILDREN

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.
